No. 54.—*The 4th January 1910.*—In the year 1903 His Majesty's Secretary of State for India sanctioned as a provisional measure the institution of certain number of scholarships tenable by natives of India, in Europe or America. The purpose of these scholarships, was to provide for natives of India that higher technical education which might qualify them to assist in promoting existing native industries and developing new industries, wherever this might be possible. Technical education for this purpose was defined as (a) the study of the scientific methods and principles underlying the practice of any handicraft, industry or profession, and (b) the application of these methods and principles to the handicraft, industry or profession in question. Law, medicine, engineering, forestry and veterinary science, being already provided for, were not included among the subjects to be studied by the holders of the technical scholarships, and agriculture was excluded from the scope of the scheme.

2. The Government of India have decided to award, during the year 1910, one scholarship to each province, provided that the Local Government or Administration concerned has a suitable candidate to nominate, and that its recommendation is submitted in accordance with the principles which are stated in paragraph 5 below, and that the industry to be studied is either already developed or in the process of development.

3. It may, however, happen that owing to the dearth of eligible candidates in certain provinces, two or more scholarships may on occasion be available for allotment to other provinces. If, therefore, a Local Government is in a position to recommend confidently more than one candidate, such recommendation may be submitted to the Government of India. In such cases the candidates need not necessarily be selected for the same industry.

4. As regards the current year, it has been decided, after consultation with representatives of the mercantile and industrial communities that one candidate will, if possible, be recommended for a scholarship in connexion with power loom weaving, finishing and dyeing. If a second scholarship is allotted to Bengal, a second candidate may be recommended in the same subject. The selection will depend largely on the character of the applications received.

5. The principles in accordance with which recommendations for scholarships will be submitted to the Government of India are as follow :—

- (a) In making selections Government will bear in mind the fact that it will be necessary for the students to have a competent knowledge of English, or of the language of any other country to which they may be sent.
- (b) Government will also be guided by considerations of the capacity and intelligence of applicants, and of the practical interest shown by them in the industries selected, as also the assurance which they may afford that they will continue to devote themselves to the industries selected on their return in India. These being matters which cannot be decided by competition, it is to be understood that the scholarships are not to be regarded as prizes, for which every one has a right to claim an equal opportunity of competing.

- (c) As a general rule, a scholar, before being nominated, should have received the best technical education available in the province in the particular industry which he proposes to study. The standard of this education differs in different industries, and each may be considered on its own merits. Even if the standard of technical education in a particular industry is low, the scholar may be nominated, if he has availed himself of the best facilities obtainable, and shown an interest in the industry selected.
- (d) No age limit is fixed for scholars, but an age limit may, at the discretion of Government, be fixed for any particular scholarship for which it invites applications.
6. The following are the conditions and terms on which the scholarships are tenable:—
- (a) The value of the scholarships has been fixed at £150 a year, exclusive of fees payable to the institutions, where the scholars will study, and travelling expenses; but in special cases Government will consider proposals for increasing the amount of the scholarships.
- (b) In ordinary circumstances the period for which a scholarship is tenable will be two years, but in special cases it may be increased to a third year, or, on the other hand, it may be reduced below even two years.
- (c) The scholarships are tenable in foreign countries as well as in Great Britain, and are payable from the date on which a scholar reports his arrival in the country which he may have selected for the purpose of study.
- (d) The scholarships are tenable by persons who are natives of India within the meaning of section 6, Statutes 33 and 34 Vic., Cap. 8.
- (e) The scholars, while in England or elsewhere, will be under the supervision and control of the Secretary of State. The conditions under which they will hold the scholarships are given in the "Rules for Indian Government Technical Scholars in England," a copy of which is attached to this notification.
7. It is essential, not only in the interests of the scholars themselves, but also in order to avoid unnecessary extensions of scholarships, that the beginning of the period of the scholar's residence in England should coincide with the opening of the academical session of the institution which they propose to enter. It has accordingly been arranged, in consultation with the Secretary of State, that scholars shall report themselves in England not later than the middle of September. It has also been ascertained that it is of no advantage to them to reach England earlier than this, and that consequently they should not ordinarily leave India before the middle of August.
8. The Government does not guarantee to provide scholars with employment on their return to India.
9. All applications for scholarships to be awarded during the year 1910 must reach the Director of Public Instruction on or before the 15th February 1910.
10. Applicants for scholarships must file certificates as to (1) moral character and antecedents, (2) educational qualifications, (3) knowledge of the language of the country in which the scholarship is to be held, and (4) physical fitness. Candidates must name the country to which they propose to proceed, and the course of studies, which they propose to take up while in receipt of scholarships. They should also state whether they have had any actual experience of the industry or industries for which the scholarships are offered.
11. If more than one duly qualified candidate is available, endeavour will be made to reserve one nomination for a Hindi-speaking candidate. If, however, no such candidate is forthcoming, some other qualified candidate who may apply will be recommended.

Necessary travelling expenses of scholars, by second class, or by third class, if no other mode be available, will also be separately defrayed by the Secretary of State; these expenses shall be claimed on forms obtainable from the Accountant-General, India Office, S. W. Expenses for hotel bills are not defrayed.

Every scholar will forfeit his scholarship, who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required term of residence in England according to the terms and conditions approved by the Secretary of State under Rule 3, or who is guilty of misconduct or disregard of the orders of the Secretary of State. If a scholarship be forfeited, the scholar will lose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.

#### RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

### ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

#### COMMUNIQUE.

THE Lieutenant-Governor has heard with deep distress of the death by the hand of an assassin, on the 24th January 1910, within the precincts of the High Court, of Khan Bahadur Maulvi Shamsul Alam, Deputy Superintendent of Police. The deceased officer had risen, in the course of thirty-four years' honourable service through the subordinate grades of the Police, to the rank to which recently he had been promoted. This, and the title which he held, were conferred on him in recognition of his able, courageous and unsparing efforts for the prosecution and repression of anarcho crime. The Lieutenant-Governor is assured that all thinking men will share his sorrow at the loss of a faithful public servant and his sympathy with those whom the crime has bereaved.

2. Candidates for direct appointment will be selected from—

- (a) candidates deputed to the two-years' Ranger course who obtain the Honour's certificate of the Imperial Forest College at the end of that course and who are recommended by the Principal of the College as suitable for direct appointment to the Provincial Service;
- (b) Forest Rangers who have obtained the Higher Standard certificate of the Imperial Forest College after passing through the two years' Ranger course, and who have specially distinguished themselves thereafter by their work and conduct during a period of not less than two years' service as Forest Rangers. Rangers whose age exceeds twenty-eight years will not be selected under this rule;
- (c) other candidates selected to pass through the full three years' course continuously and to join the service as Probationary Extra Assistant Conservators of Forests without any intermediate period of service as Forest Rangers.

3. Candidates for appointment under rule 2 (c) above will be nominated by the Local Government with special reference to high educational and social qualifications and to physical fitness for work in the Forest Department. It will generally be expected that a nominee should obtain the Honours' certificate of the Imperial Forest College at the end of the first two years of the full course. Should he fail to do so, it will depend largely on the recommendation of the Principal of the College whether he should be allowed to proceed to the third year's course and continue to be accepted as a prospective member of the Provincial Forest Service. Should, however, the Principal recommend any such nominee who, having failed to get Honours, has nevertheless obtained the Higher Standard certificate, on the ground that he has displayed such special ability, character and other qualifications as are likely to render him a useful member of the Provincial Forest Service, the nominee will usually be permitted to take up the third year's course. After the conclusion of that course, nominees, certified to have passed it satisfactorily, will be appointed to the Provincial Forest Service, on probation, for a period of three years, liable, however, to be further extended at the discretion of Government.

4. The pay of the Probationary Extra Assistant Conservators of Forests will be Rs. 150 per mensem during the period of their probation, and thereafter Rs. 200 per mensem until they can be appointed to vacancies in the sanctioned cadre of the Provincial Forest Service.

5. Candidates selected under rules 2 (a) and 2 (b) above will receive, during the third year's course at the Imperial Forest College, a monthly stipend of Rs. 100, or, in the case of candidates under rule 2 (b), the pay of their grade, whichever is greater. Candidates nominated under rule 2 (c) will receive such monthly stipends as the Local Government may fix in each case, subject to a maximum of Rs. 100 per mensem throughout the three years' course.

6. Candidates nominated under rule 2 (c) must not be less than nineteen or more than twenty-three years of age on the date of admission to the College. On the nomination of a candidate, he will be required—

(a) to produce the following certificates:—

- (i) a certificate that he is a "Native of India" as described in section 6 of 33 Vict., Cap. 3;
- (ii) a certificate of age;
- (iii) a health certificate in the form prescribed by article 49 of the Civil Service Regulations (fourth edition), signed by a Commissioned Medical Officer or by a Medical Officer in charge of a Civil station, and certifying to the nominee's sound constitution, good vision and hearing, and general physical fitness for a rough outdoor life in the Forest Department, and to the fact that he bears marks of successful vaccination or of small-pox;

(v) a certificate that he has passed one or other of the following examinations, viz.:—

- (a) the B. A., F. A., B. Sc., or Licentiate of Agriculture examination;
- (b) the Matriculation examination, where no School Final examination exists;
- (c) the School Final examination, provided the nominee can show that he is qualified in English and Mathematics up to the Matriculation standard or, for a European nominee, a certificate of having passed the High School examination with a similar proviso;

(r) a certificate of respectability and good moral character from two or more persons whose social or official position can be accepted as a guarantee of trustworthiness;

(b) to sign an agreement binding himself to work diligently while at the college and to serve Government for not less than five years after passing out of the college;

(c) to find two sureties to execute a bond in the prescribed form guaranteeing that under special circumstances therein detailed they will refund all monies expended by Government on the nominee's behalf, &c.;

(d) in order to prove his fitness for forest work, to undergo preliminary practical training, in such forest divisions as the Conservator of Forests, Bengal, may direct, extending over a period of not less than three and-a-half months and not more than six months.

7. Candidates selected under rule 2 (b) will be required to sign the agreement and security bond referred to in rule 6 (b) and (c) before re-entering the college for the third year's course.

NOTE.—Copies of the agreement and bond to be executed under rules 6 (b), (c) and 7 can be obtained from the Conservator of Forests, Bengal.

- (ii) the existing rent (including, if they are legally renderable, *rakumats* and *begari*), and the proposed inclusive money-rent;
  - (iii) the rates of money-rent payable by tenants for land of a similar description and with similar advantages in the vicinity; and
  - (iv) the names and addresses of the rent-receivers of the holding.
2. (1) The officer who inquires into the application shall give notice to the opposite party of the date fixed for the hearing of the application and the date fixed for the local inquiry (if any).

  - (2) The rent fixed for each holding must be explained by the officer to both landlord and tenant.

4. When a record-of-rights is being made, any number of tenants, occupying land under the same landlord, whose interest is recorded in the same *kherat* entry in the same village, may, with the consent of the said officer, make a joint application for commutation of produce-rents, or may, with the like consent, be joined as defendants in the same proceedings on a similar application by the landlord:

Provided that, if at any time it appears to the said officer that the question between any two of the parties, one of whom is so joined with others, cannot conveniently be jointly inquired into, he may order a separate inquiry to be held as to that question, or he may pass such order for the joint or separate disposal of the application as he may think fit.

*No. 551 L.R.—The 4th February 1910.*—In exercise of the power conferred by clause (viii) of section 264 of the Chota Nagpur Tenancy Act, 1908, the provisions of which have been extended to the district of Manbhum by Notification No. 4010 L.R., dated the 16th December, 1909, published at page 1854, Part I, of the *Calcutta Gazette* of the 22nd idem, the Lieutenant-Governor is pleased to make the following rules as to appeals from orders of Revenue-officers in commutation proceedings in that district under section 61 of the said Act:—

2. (1) From the decision on appeal of the Settlement Officer there shall be a second appeal to the Commissioner.
  - (2) Such appeal must be preferred within thirty days from the date on which such decision was signed.
3. (1) When the Revenue officer who determined the application is a Settlement Officer, the appeal shall lie to the Commissioner.
  - (2) Such appeal must be preferred within thirty days from the date on which the order of the Settlement Officer was signed.

1. (1) Whenever the Deputy Commissioner determines, under section 71 of the Act, to replace in possession of his tenancy or a portion thereof, a tenant who has been ejected therefrom in contravention of section 68, he shall issue a warrant to the Head Bailiff of his Court, directing him to cause possession of the tenancy or portion to be given to the tenant.

(2) If the area included in the tenancy or portion thereof has been surveyed in the course of making a Government survey and record of rights, then the plot numbers of the lands constituting the tenancy or portion shall be entered in the warrant.

4. The said officer shall, before giving possession, notify the substance of the warrant—

(a) to the landlord whom it is intended to dispossess, if he is residing in the village or can be found without unreasonable delay, or

#### CHAPTER I.—GENERAL

1. In carrying out the following rules Revenue officers shall have regard to the instructions of the Board of Revenue for the guidance of Revenue officers, so far as such instructions are consistent with the rules herein prescribed.

2. Except where otherwise provided by law or by these rules, all proceedings and orders of Revenue officers, passed in the discharge of any duty imposed upon them by or under this Act, shall be subject to the supervision and control of the Commissioner and the Board of Revenue, and the orders of each Revenue officer under this Act shall be subject to the supervision and control of the Revenue officers to whom he may be declared by the Board of Revenue to be, for the purpose of the Act, subordinate.

The Deputy Commissioner and the Commissioner in whose jurisdiction operations under these rules are in progress shall be entitled to inform themselves of the nature and progress of such operations.

If it is addressed to a number of persons occupying or owning land in the same village, the notice will either be served in the manner prescribed above, or by proclamation and beat of drum, and by posting it, in the presence of not less than two persons who should be residents of the village or at least cultivating raiyats in it, in some conspicuous place in the village and also by fixing it up in the village office, if any, where the rent is usually paid.

## CHAPTER II.

The rules prescribed in this Chapter are to be followed by Revenue officers in preparing a record-of-rights and settling rents under Chapter XII of the Act. With them are included the rules to be followed in the commutation of praedial conditions under Chapter XIII, the record of landlords' privileged lands under Chapter XIV and the record of special rights under Chapter XV, where such operations are conducted simultaneously with the preparation of a record-of-rights under Chapter XII.

4. Every Revenue officer appointed by the Local Government under the designation of Settlement officer or Assistant Settlement officer for the above purposes is hereby vested with—

- (i) all the powers exercisable by Revenue or Civil Courts in the trial of suits;

- (iv) power to cut and thresh the crops on any land and weigh the produce, with a view to estimating the capabilities of the soil.

5. In the case of an uninhabited village, any general notice to be served or publication to be made under the rules in this Chapter may be served or made in any inhabited village contiguous to that village, or, if there be no inhabited village contiguous to that village, in the inhabited village nearest to that village, or in the village in which the tenants and occupants of the lands of the uninhabited village are believed by the Revenue officer to reside.

6. The procedure of settlement shall include—

- I.—Demarcation of boundaries.
- II.—Field measurement.
- III.—Khanapuri, i.e., preliminary preparation of the record.
- IV.—Attestation of the record (including the commutation of produce rent and of praedial conditions).

- XIV.—Deposit of settlement records with Deputy Commissioner.

## I.—Demarcation of boundaries.

7. Where there is a dispute as to a village boundary, the Revenue officer shall decide the dispute in accordance with the provisions of the Bengal Survey Act, 1875.

8. Boundary pillars of a permanent nature shall be erected at every point where the boundaries of three or more villages meet, and may be erected wherever the Revenue officer considers it necessary to define by pillars the boundaries of estates or tenures or of lands which have been the subject of dispute.

## II.—Field Measurement.

9. A field map of every village shall be prepared; it shall show the boundaries of every field separately held, or of such plot of land as the instructions of the Board of Revenue for giving effect to these rules may lay down.

## III.—Khanapuri, i.e., preliminary preparation of the record.

10. The following are the principal documents to be prepared in the course of a survey and the preparation of a record-of-rights under Chapter XII of the Chota Nagpur Tenancy Act, 1908:—

Village map.	Parchas.	Khatian.
Khasra.	Khewat.	Terij.

These and any other papers prescribed by the Board of Revenue shall be prepared in such manner as the Board may prescribe.

11. The record-of-rights, which shall be published under section 83 of the Chota Nagpur Tenancy Act, 1908, shall be contained in the khewat and khatian, and such other papers as may be specified by general or special order of the Board of Revenue in the case of any local area.

12. (a) The khewat shall show the character and extent of the interests of proprietors and tenure-holders, such of their interests as are of a raiyati nature being also recorded in the khatian.

(b) The khatian shall show in detail for all the lands in the village, estate by estate, landlord by landlord, tenant by tenant, and occupant by occupant, the lands included in each estate owned by each landlord and occupied by each tenant or occupant, with particulars of rent and area and of the incidents of each tenancy. The commuted value of prædial conditions to which the tenant has been found liable, and if any tenant is liable to any prædial conditions other than those to which the general body of tenants are liable, or is not liable to all prædial conditions to which the general body are liable, then the prædial conditions to which such tenant is liable, shall be separately recorded in the khatian.

(c) Lands cultivated or otherwise held direct by a proprietor or tenure-holder shall be shown in detail in the khatian, and shall be entered either as landlord's privileged land within the meaning of section 118 (1) (a) of the Chota Nagpur Tenancy Act, or as land held by the proprietor or tenure-holder but not privileged land within the meaning of that section.

(d) The khatian shall also show the respective rights of all persons privileged to take forest produce from jungle or waste land or to graze cattle on any land within the village.

#### IV.—Attestation of the Record.

13. (a) When the map, khasra, khewat and khatian for a village, or such portions of them as are prepared at kharapuri, have been prepared in the manner prescribed by these rules and by instructions of the Board of Revenue consistent with them, the Revenue officer shall issue a notification, in the form contained in Schedule I, fixing a day, which shall be not less than a week from the date of publication of the notification, on which he will be present at some place to be specified at or near the village for the purpose of attesting and completing the record-of-rights in respect of all particulars specified in the above rules 11 and 12.

(b) The notification shall state that on the day so fixed, or on any other day to which the proceedings may be adjourned, the Revenue-officer will record rents and will decide all questions of status and claims to special rights or privileges in any lands and record existing rights of tenants or residents in regard to the jungle and waste lands of the village, and commute and include in the cash rent of the holding the value of prædial conditions in accordance with the rules, and will receive and dispose of applications for the commutation of produce-rent, and deal with objections relating to entries in the record or omissions therefrom; and it shall require all parties interested in the subject-matter of the enquiry to attend at the time and place specified, with their parchas, and with such evidence as they have to offer in connection with the proceedings.

(c) Such notification shall be published by proclamation and fixed up in the presence of not less than two persons in some conspicuous place in the village to which it refers.

14. The Revenue-officer may also, if he so deems fit, take such additional measures, under the powers conferred on him by rule 4, as he may deem desirable to procure the attendance, at the place specified in the notification issued under rule 13, of the occupants, under-raiyats, raiyats, tenure-holders, landlords and proprietors or their authorized agents.

15. On the date specified in the notification issued under rule 13, or on any other date to which the proceedings may be adjourned, the entries which have been made in the khewat and in each khatian shall be read out in the presence of such of the interested parties as are in attendance. If the correctness of any entry is questioned, the Revenue officer shall dispose of the objection, after local enquiry or otherwise: provided that, if the correctness of a measurement be objected to, and a fresh measurement be demanded, or if a local enquiry is necessary to decide any objection, the Revenue-officer may require the cost of such remeasurement or local enquiry to be deposited. If it appears from the result of the measurement or local enquiry for which costs have been deposited that the objection was not frivolous or groundless, it shall be open to the Revenue-officer to refund the costs, or any portion of the costs which he may think fit to refund.

16. The Revenue-officer shall enquire into any claim put forward for Mundari-khunkatti tenancies, and shall also ascertain which of the raiyats are raiyats having khunkatti rights or settled raiyats or occupancy raiyats, and shall record them as such.

The Revenue-officer shall ascertain what raiyats are non-occupancy raiyats, and to this end he shall be entitled to call upon the landlord or his agent to produce a statement showing the names of raiyats alleged by him to be non-occupancy raiyats. On the production of such statement, he shall explain to those raiyats the provisions of Chapter IV of the Chota Nagpur Tenancy Act, 1908. If after such explanation a raiyat admits that he is a non-occupancy raiyat, and if the attestation officer is satisfied of the correctness of the admission, he shall record the raiyat as a non-occupancy raiyat. If he does not admit himself to be a non-occupancy raiyat, the Revenue-officer shall call on the landlord to prove the allegations made by him in regard to such raiyat.

17. The Revenue-officer shall ascertain and record what lands are korkar and what lands are bhuinheri under the Chota Nagpur Tenancy Act, 1860, and what lands are khunkatti.

18. The Revenue-officer shall summarily ascertain the rent at present payable by the tenant, and record it in the appropriate column of the khatian as the rent payable in respect of land held by the tenant. In recording rents the Revenue-officer shall have regard to the provisions of the Chota Nagpur Tenancy Act, 1908, regarding enhancement of rent, and shall record only such rent as is legally payable.

In order to carry out the instructions of this rule, the Revenue-officer shall, before proceeding to attest the records of the village, hold a preliminary enquiry, at which he shall record briefly the deposition of the landlord or his agent and at least one tenant, and shall make such further enquiry as may be necessary, and shall record a finding upon the rates of rent prevailing in the village for each class of land.

19. In the course of the preliminary enquiry into the rates of rent prevailing in the village, the Revenue-officer shall also ascertain the prædial conditions to which each class of tenants in the village is subject, and shall record a finding showing what prædial conditions, if any, are renderable by the general body of tenants, and their cash value, and shall prepare a statement in the form contained in Schedule VI. The cash value of prædial conditions, as commuted by the Revenue-officer under section 111 of the Chota Nagpur Tenancy Act, 1908, shall be recorded separately from the rent in the khatian and included in the total rent payable by raiyats. In the case of tenure-holders, the commuted value of prædial conditions will be entered in the khewat.

In ascertaining and commuting prædial conditions, the Revenue-officer shall be guided by the provisions of section 111 of the Chota Nagpur Tenancy Act, 1908, special regard being given to the proviso to section 105 (3). Any prædial conditions which are by custom or contract already payable in cash shall still be treated as subject to the proviso to section 105 (3) of the Chota Nagpur Tenancy Act, 1908.

20. Cesses which are authorized by law shall be recorded separately from the rent in the khatian, or, in the case of tenure-holders, in the khewat.

No demand of any other kind shall be recorded in the khatian.

21. The Revenue-officer shall, at the time of attestation, also record, in a form prescribed by the Board, the rights, as specified in section 81 (u) of the Chota Nagpur Tenancy Act, 1908, which are enjoyed by any class of persons according to established custom in each plot of jungle in the village, and the conditions under which such customary rights are enjoyed.

22. Where a notification under section 127 (b) of the Chota Nagpur Tenancy Act, 1908, has been issued, he shall also prepare a record of the rights and obligations of the village headmen.

23. When the record-of-rights and of existing rents has been prepared and attested in the manner prescribed in rules 13 to 22, and when the record has been arranged and corrected in accordance with the orders which the Revenue-officer has passed, he shall record a proceeding, in which he shall state that attestation of the records and commutation of prædial conditions, if any, have been completed, and shall then cause the draft record-of-rights to be published in the village in the manner provided in rule 25.

24. If applications for the commutation of produce rents are filed before the Revenue-officer at the time of attestation, they may be disposed of either before draft publication or after draft publication, according to convenience. If they are disposed of before draft publication, the settled rents shall be incorporated in the settlement record before it is published in draft.

#### V.—Publication of the draft record.

25. (a) As soon as the record-of-rights has been prepared and attested, a notice in the form contained in Schedule II shall be posted up at the landlord's office in the village, or, in the presence of not less than two persons, in some conspicuous place in the village, stating that the draft of the record will be published in the village on a day to be specified, not less than a week from the date of the posting of such notice, and calling on all persons interested to attend on the date so specified: provided that the draft of the record shall not be published until the proceeding under rule 23 has been recorded.

(b) On the date fixed for the publication of the draft records the Revenue-officer shall either proceed to the village himself and read the contents of the records in the presence of the parties who attend, or he shall depute an officer, not below the rank of kanungo, who shall read out the contents of the records in the presence of as many of the parties as attend; and the Revenue-officer, or the officer deputed by him, as the case may be, shall at the same time inform the parties who attend that the draft records will be open for inspection for not less than one month in the office of the Revenue-officer, or in such other convenient place as the Revenue-officer may determine. The Revenue-officer shall receive and consider any objection which may be made to any entry during the period named. Objections shall, as far as practicable, be made in the form contained in Schedule III.

#### VI.—Disposal of objections under sections 83 and 111 (6).

26. When an objection is made, before the expiry of the period of publication of the draft record prescribed under rule 25, regarding the correctness of any entry, or as to the propriety of any omission, notice of the objection, in the form contained in Schedule IV, shall be served on all persons whose interest may, in the opinion of the Revenue-officer,

be affected thereby, and they shall be called upon to attend at such time and place as the Revenue-officer may fix for the disposal of the objection. If no person attends to contest the objection, and the Revenue officer is satisfied that the notice of objection has been duly served on all persons interested, the objection may be allowed and the records amended accordingly, or the person who made the objection may, if the Revenue-officer thinks fit, be called upon to produce evidence in support of his objection.

All such objections shall be dealt with summarily under such instructions as the Board of Revenue may prescribe.

#### VII.—Settlement of rents before final publication.

27. When the Revenue-officer settles fair rents in isolated or individual cases, before final publication, under section 85 (3) (a) or (b), he shall follow *mutatis mutandis* the procedure laid down in rules 32 to 37 below for the settlement of fair rents after final publication, and shall incorporate the settled rents in the record to be finally published under rule 28.

28. When rents are settled, before final publication, for whole villages or for larger areas, the Revenue-officer shall adopt the following procedure:—

- (a) He shall first serve a notice on the village in which settlement of rents is about to be made. The notice shall be in the form contained in Schedule VII, and shall set forth that on a date named and at a place named the Revenue-officer will settle fair rents in respect of all estates, tenures or holdings and for unsettled lands included in such village. Such notice shall be served at least one week previous to the date fixed for settlement of fair rents. When such notice has been served it shall be held that all persons have been sufficiently warned of the date fixed:

Provided that when in the course of proceedings a Revenue-officer proposes to alter an existing rent, and the parties have not attended in compliance with the general notice, the Revenue-officer shall serve each person interested with a special notice, and the fair rent shall not be settled in the absence of such person until after due service of such special notice has been proved.

- (b) On the date fixed in the notice under rule 28 (a), or any subsequent date to which the proceeding may be adjourned, the Revenue officer shall proceed to settle rents in the manner prescribed in rules 35 (a) and 37.
- (c) The settlement of rent for any number of tenants occupying land under the same landlord, whose interest is recorded in the same khewat entry in the same village, may, upon the application of the parties or at the discretion of the Revenue officer, be disposed of in one proceeding, provided that if at any time it appears to the Revenue officer that the question between any two of the parties, of whom one is so joined with others, cannot conveniently be so jointly tried, he may order a separate trial to be held of that question, or he may pass such order for the joint or separate disposal of the application as he may think fit.
- (d) When a fair rent has been settled under these rules, it shall be entered in the khatian as the rent payable in respect of the holding from the date prescribed by section 97 of the Chota Nagpur Tenancy Act, 1908.
- (e) It shall not be necessary for a Revenue officer to draw up a separate decree with regard to the fair rent settled, but the entry made in his decision or in the schedule attached thereto with regard to the fair rent settled shall be held to be a decree.

#### VIII.—Final publication of the Record-of-rights.

29. When all objections under sections 83 and 111 (6) of the Chota Nagpur Tenancy Act, 1908, have been disposed of as provided for in rule 26, and when the draft records have been corrected in accordance with the orders passed, and when the rents, if any, settled under section 85 (3) (a) or (b) or under section 61 of the Act have been duly incorporated in the record, the Revenue officer shall finally frame the records and cause them to be published by notifying, in the form contained in Schedule V, that their contents will be read out in the village on a date to be specified, not being less than a week from the date of the publication of such notice, and by reading them out himself or causing them to be read in the village on the date so specified, in the manner prescribed in rule 25, in the presence of the parties or of as many of them as attend. The officer engaged in final publication shall serve a copy of the entries in any record prepared under section 127 upon all persons interested in these entries, in the manner prescribed in rule 3.

30. When the record-of-rights of all villages in any local area has been finally published, the Revenue officer shall submit a report to the Local Government, containing such particulars as may be necessary in order to enable the Local Government to issue a notification under section 84 (2) of the Chota Nagpur Tenancy Act, 1908.

*IX.—Distribution of copies of the Record-of-rights to parties interested.*

31. (a) A copy of the record-of-rights as finally published, or an extract therefrom shall be made over to the landlord concerned, or, where there are more landlords than one, to their common agent or common manager, or, if there be no common agent or common manager, to such person among the landlords as the Revenue officer may think fit. The copy or extract shall bear a certificate, under the Revenue officer's signature and seal, that it is a copy of, or extract from, the record-of-rights as finally published.

(b) An extract from the khatian relating to his tenancy shall be given to every tenant, under the seal of the Revenue officer and under the signature of an officer duly authorized by the Revenue officer to give copies.

(c) Copies of records, or of extracts from them, supplied to landlords and tenants under this rule shall be given free or on payment according as in the case of each local area the Local Government may direct. When payment is required, the sum recovered shall be adjusted against the expenses incurred on account of survey and settlement.

*X.—The settlement of fair rents after final publication.*

32. When the landlord or tenant applies for a settlement of a fair rent, he shall be considered as plaintiff and the opposite party as defendant.

33. Notice, in the form contained in Schedule VIII, shall be served on every person interested in the application, together with a copy of the application, or an extract therefrom, or a summary thereof, so far as the application concerns such person.

34. With the consent of the Revenue officer, any number of tenants of the same status, holding land under the same landlord, whose interest is recorded in the same khewat entry in the same village, may make a joint application for the settlement of rents, or may be joined as defendants in the same proceeding on a similar application by the landlord: Provided that, if at any time it appears to the Revenue officer that the question between any two of the parties, of whom one is so joined with others, cannot conveniently be so jointly tried, he may order a separate trial to be held of that question, or he may pass such order for the joint or separate disposal of the application as he may think fit.

35. (a) On the date fixed for the settlement of fair rents, or any subsequent date to which the proceedings are adjourned, the Revenue officer shall read aloud, or cause to be read aloud in his presence, the name of each tenant whose rent has to be settled, the area of his tenancy, and the existing rent, and shall then proceed to settle a fair rent under the provisions of section 85 of the Chota Nagpur Tenancy Act, 1908.

When the record has been read over as provided for above, the Revenue officer shall record all claims to enhancement or reduction of the existing rent, and shall try and decide any issues which may be raised under section 86 of the said Act.

(b) Where a landlord or tenant does not attend, after due service of notice has been proved, the procedure may be *ex parte*.

(c) Where a landlord or tenant appears, the Revenue officer shall record evidence in the manner prescribed in section 164 of the said Act, and shall settle a fair and equitable rent. In important cases the evidence shall be recorded at length.

(d) When a fair rent has been settled under these rules, it shall be entered in the khatian as the rent payable in respect of the holding from the date prescribed by section 97 of the said Act.

36. It shall not be necessary for a Revenue officer to draw up a separate decree with regard to the fair rent settled, but the entry made in his decision or in the schedule attached thereto with regard to the fair rent settled shall be held to be a decree. The Revenue officer shall carefully scrutinize the individual entries in schedules, where rents are settled for a number of tenants in joint proceedings, to ensure that injustice be not caused to individuals by the application of general rules.

37. When in the settlement of fair rents, issues are raised under section 86 of the said Act, they shall be heard and decided before fair rents are settled. Proceedings under the said section 86 shall be dealt with in all respects as suits between the parties. Such suits shall ordinarily be tried separately for each tenancy, unless the Revenue officer, for reasons to be recorded by him, considers that the suits affecting two or more tenancies may conveniently be tried together without prejudice to the parties concerned.

*XI.—The trial of suits under sections 87, 111 (8), 130, and 252 of the Act.*

38. Proceedings under sections 87, 111 (8), 130 or 252 of the Chota Nagpur Tenancy Act, 1908, shall be dealt with in all respects as suits between the parties. The finally published records shall be corrected in accordance with the orders that may be passed in any such proceedings.

*XIV.—Deposit of settlement records with the Deputy Commissioner.*

39. The finally published record, as completed under rules 35 and 38, shall be made over to the Deputy Commissioner of the district, and shall bear a certificate, that it is the finally published record, under the Revenue officer's signature and seal.

## CHAPTER III.

*General scale of fees.*

40. For the service of every notice under the Chota Nagpur Tenancy Act, 1908, not being a notice issued by any Revenue or Civil Court (fees for serving which are regulated by the Court-fees Act, 1870), and not being provided for by any other rule made under the Chota Nagpur Tenancy Act, 1908, a process-fee of 8 annas shall be levied if the notice be directed to one or more persons residing in the same village.

Where such notices are directed to several persons resident in different villages, a fee of 8 annas shall be levied for service in each village.

In addition to the above fee, the actual charge which must be incurred, if it is necessary to travel by railway or boat, or to cross ferries, shall be levied from, and paid by, the person at whose instance the process is issued, before issue of the process. If a peon carries more than one process involving charges for railway fare, boat-hire, &c., the sum leviable shall be charged, in equal shares, upon all the processes so carried.

If a peon is detained at the place of service for more than 24 hours at the request of the person at whose instance the process was issued, or of his agent, such person or agent must then and there pay demurrage at the rate of 3 annas a day. Unless the demurrage is paid, the peon must decline to wait. No demurrage shall be charged if the delay was not due to the person requiring the process or to his agent.

**No. 548 L.R.—The 4th February 1910.**—In exercise of the power conferred by clause (a) of section 264 of the Chota Nagpur Tenancy Act, 1908, the Lieutenant-Governor is pleased to prescribe the following rules for the district of Manbhum, to which the provisions of that Act have been extended by Government Notification No. 4010 L.R., dated the 16th December 1909, published at page 1854, Part I, of the *Calcutta Gazette* of the 22nd idem, as to the manner of service of notices, summonses and other processes (other than warrants against the person of judgment-debtors) issued under that Act:—

1. The word "process," as used in these rules, means any notice, summons or other process issued under the Chota Nagpur Tenancy Act, 1908, other than a warrant against the person of a judgment-debtor.

2. Every process shall be served personally on the person to whom it is addressed.

3. Notwithstanding anything contained in rule 2,—

(a) if the person to whom any process is addressed has an agent empowered to accept service, or placed in charge of the management of his zamindari business in connection with the landed property to which the suit or proceeding, in which the process is issued, relates, service of such process on such agent shall be sufficient; and

(b) if the person to whom any process is addressed cannot be found, and has no such agent as is referred to in clause (a), service of such process may be made on any adult male member of the family, of such person who may be residing with him.

*Explanation.*—A servant is not a member of the family within the meaning of clause (b).

4. Service of a process shall be made by delivering or tendering a copy thereof signed by the officer under whose authority the process is issued, or by some officer appointed by him in this behalf.

5. (1) When the serving officer delivers or tenders a copy of a process to any person referred to in rule 2 or rule 3, he—

(a) shall require the signature of such person to an acknowledgment of service endorsed on the original process, or, if such person be illiterate, shall take his thumb impression instead of a signature; and

(b) shall require the signature of persons identifying the person on whom service was made, and of persons witnessing the delivery or tender of the process, to the said acknowledgment, or, if any of them be illiterate, shall take his thumb-impression instead of a signature.

6. Whenever a process has been served under rule 2 or rule 3, the serving officer—

(a) shall endorse or annex, or cause to be endorsed or annexed, on or to the original process, a return stating the time when and the manner in which the process was served and the names and addresses of the persons (if any) who identified the person served and witnessed the delivery or tender of the process, and

(b) shall require the signature of such identifiers and witnesses to the said return, or if any such identifier or witness be illiterate, shall take his thumb-impression instead of a signature.

7. In either of the following cases, namely:—

(a) if any person on whom a process is served refuses to sign the acknowledgment, or

(b) if the serving officer, after using all due and reasonable diligence, cannot find the person to whom a process is addressed, and there is no such agent as is referred to in rule 3 to accept service thereof on behalf of the addressee, and no adult male member of his family on whom service can be made,

the serving officer shall affix a copy of the process on the outer door or some other conspicuous part of the house in which the person to whom the process is addressed ordinarily resides or carries on business or personally works for gain, or of his zamindari outcherry or bhandar or farm-house (if any), and shall then return the original to the Court or officer by whom it was issued, with a report, endorsed thereon or annexed thereto, stating that he has so affixed the copy, the circumstances under which he did so, and the name and address of the person (if any) by whom the house, outcherry or bhandar or farm-house was identified and in whose presence the copy was affixed.

8. When a process is returned under rule 7, the Court or officer by whom it was issued shall, if the return under that rule has not been verified by the affidavit of the serving officer, and may, if it has been so verified, examine the serving officer on oath, or cause him to be so examined by another Court, touching his proceedings, and may make such further inquiry in the matter as the Court or officer thinks fit; and shall either declare that the process has been duly served or order such service as it or he thinks fit.

9. (1) Where the Court or officer by whom a process was issued for service on any person is satisfied that there is reason to believe that such person is keeping out of the way for the purpose of avoiding service, or that for any other reason the process cannot be served in the ordinary way, the Court or officer shall order the process to be served by affixing a copy thereof in some conspicuous place in the Court or in the office of such officer, as the case may be, and also upon some conspicuous part of the house (if any) in which the said person is known to have last resided or carried on business or personally worked for gain, or in such other manner as the Court thinks fit.

(2) Service ordered under sub-rule (1) shall be as effectual as if it had been made on the said person personally.

(3) Whenever service is ordered under sub-rule (1), the Court or officer shall fix such time for the appearance of the said person as the case may require.

10. (1) A process may be sent, by the Court or officer by whom it is issued, either by one of its or his officers or by post, to any other Court or officer having jurisdiction under the Chota Nagpur Tenancy Act, 1908, in the place of residence of the person on whom the process is to be served.

(2) The Court or officer to whom a process is so sent shall, upon receipt thereof, proceed as if it had been issued by such Court or officer, and shall then return the process to the Court or officer by whom it was issued, together with the record (if any) made under this sub-rule.

11. Notwithstanding anything contained in the foregoing rules, if the person to whom any process is addressed resides at a place in which the Chota Nagpur Tenancy Act, 1908, is not in force, the process shall be deemed to be fully served by properly addressing, pre-paying and posting by registered post a letter containing the process, and to have been served at the time at which the letter would be delivered in the ordinary course of post.

**Rule 104A.**—For hospitals and dispensaries in Class III-A, a separate banking account is allowed at the Treasury. All receipts of these institutions will

be paid into the Treasury direct by the Managing Committee, and all payments on account of them will also be made by the Committee direct without the intervention of the Municipal office, either from the imprest in the hands of the Medical Officer, or by cheques drawn by the Secretary or President upon the Treasury. The income from the endowments and investments will, however, be realised by the Municipality and remitted to the Treasury for credit to the account of the Dispensary Fund, an intimation being at the same time sent to the Managing Committee.

Before the 5th of the following month, the Managing Committee will furnish the Municipal office with an account showing all the receipts and charges of the Dispensary Fund, and a memorandum reconciling the closing balance of the account with that shown at credit of the fund in the pass-book. On receipt of this account, the transactions will be incorporated in the accounts of the Municipality under the proper heads. In incorporating the dispensary figures, the Accountant should charge off monthly the full proportionate amount of the Municipal contribution, including income from endowments, under the head 'Charges to be met from General Fund and Endowments,' and the balance only under the head 'Charges to be met from Special Receipts.' If in any month the dispensary expenditure falls short of the above monthly proportion, the whole of the expenditure should be debited as above, the difference being charged off when the expenditure is in excess in a subsequent month.

The credits shown in the accounts of the Committee on account of contributions paid by the Municipality should be taken under the head 'Advances,' to which the corresponding payments in the Municipal accounts should also be debited."

- (2) Substitute the following under the head of Expenditure 'C (4)' in the Municipal Account Form No. 1—Budget Estimate:—

No. 31 E.—The following notification, issued by the Government of India in the Public Works Department, is republished for information :—

No. 9, dated the 11th February 1910.

## RESOLUTION—By the Government of India, Public Works Department.

By the Resolution of this Department, No. 675—694 E, dated the 24th April 1908, the pay of Civil Engineers, Imperial and Provincial, of the Executive and Assistant classes, was revised, a yearly incremental scale being substituted, with effect from the 8th March 1908, for the graded scale which up to then had been in force; and in paragraph 10 of the Resolution it was stated that orders would issue separately in regard to the pay to be drawn in future by Royal Engineer officers in the Executive and Assistant classes. The Governor-General in Council has decided that a yearly incremental scale of pay shall be introduced for Royal Engineers also, and, with the approval of His Majesty's Secretary of State for India, is now pleased to rule that all officers of the Corps admitted permanently to the department between the 8th of March 1908 and the date of this Resolution shall draw pay, with effect from date of appointment, in accordance with the following scale, and that officers who entered the department before the 8th of March 1908 shall have the option of electing, within a period of six months from the date of these orders, to draw pay in accordance with this scale, the election taking effect from the 8th of March 1908 :—

Ditto,	18th ditto	and following years	...	1,250

2. For the purpose of calculating the pay to which an officer is entitled under this scale, the first year of service will be reckoned to commence two and-a-half years from the date of first commission. But the rate of pay so arrived at will not give an officer any claim to change the position he at present occupies in the seniority list of Executive and Assistant Engineers on which he is borne; nor is an officer whose position on first appointment was especially fixed, or whose promotion has been retarded in the past entitled by reason of length of service to claim a higher rate of pay under the new scale than that admitted to the Royal Engineer officer immediately above him on the seniority list. If the officer immediately above him is a Civil Engineer, the Royal Engineer may draw on the proposed new scale the pay for length of service corresponding to the pay drawn by the Civil Engineer on his own scale.

3. Officers who elect for the new scale, but are actually in receipt of salary and exchange compensation allowance which exceeds their pay under that scale, may continue to draw the difference as a personal allowance until such time as it is absorbed in the increments on the time-scale, after which pay will be regulated wholly by that scale. And, as in the case of Civil Engineers, officers who were promoted to Executive Engineer, 1st grade, on or before the 8th March 1908, may continue to draw exchange compensation allowance in addition to the new scale of pay.

4. The orders in the resolution of the 24th April 1908, in so far as they apply to Civil Engineers of the Imperial Service, will also apply to Royal Engineers, except in regard to the scale of pay to be drawn. Further, the pay above which an officer will not be eligible to rise, unless he holds a divisional charge or a charge which, in the opinion of the Local Government or Administration, is of equal importance, will be Rs. 900 a month instead of Rs. 800, the limit fixed for Civil Engineers of the Imperial Service.

5. Orders as to the pay to be allowed to Royal Engineers who enter the department subsequent to the date of this resolution will be issued later.

The Governments of Madras, Bombay, Bengal, the United Provinces of Agra and Oudh, the Punjab, Burma and Eastern Bengal and Assam, Public Works Department.

The Hon'ble the Chief Commissioner of the Central Provinces.

The Chief Commissioner of Coorg.

The Hon'ble the Resident at Hyderabad.

The Hon'ble the Agents to the Governor-General for Central India, Rajputana and Baluchistan.

The Hon'ble the Agent to the Governor-General and Chief Commissioner, North-West Frontier Province.

ORDERED that this resolution be forwarded to the Local Governments, Administrations and officers noted in the margin for information and guidance, and that it be published in the *Gazette of India* for general information.

ORDERED also that this resolution be communicated to the Home, Finance, Revenue and Agriculture, Railway and Army Departments of the Government of India.

No. 32E.—Mr. C. F. H. Grose, Registrar, Bengal Public Works Department Secretariat, is granted, under Article 260 of the Civil Service Regulations, privilege leave for one month, with effect from the 16th February 1910, or such subsequent date as he may avail himself of it.

Fishermen desirous of obtaining a rebate of duty on salt used for fish-curing, which shall not exceed the duty payable on salt so used, as sanctioned in Supreme Government order No. 1257-1, dated the 5th February 1908, shall apply to the Collector of the district for the opening of a yard in which to cure their fish. No application for the opening of a yard shall be entertained unless the applicant undertakes to—

- (1) provide a suitable site,
- (2) erect buildings of the size and kind required by the department,
- (3) fence the site to the satisfaction of the Collector, and
- (4) pay for the cost of the preventive establishment that may be required for guarding the salt revenue.

3. On the application for opening a yard being sanctioned by the Collector with the approval of the Commissioner of Salt, necessary guarding establishment shall be provided by the Collector according to the requirement of each yard as determined by the Commissioner on the suggestion of the Collector. As each yard is established, orders shall be applied for as to the manner in which the duty-free salt required is to be provided.

4. Working hours at the yards shall be from sunrise to sunset. No person except the guarding establishment shall be allowed to remain or enter in the yard except during working hours and on business connected with curing.

5. No person shall take any salt out of the yard; fishermen must use the salt within the yard and take it from the store in quantities not less than a seer.

6. Fish shall be cleaned and prepared for curing before being brought to the yard, and all orders issued by competent authority as to the disposal of the refuse so as not to create a nuisance shall be attended to. Persons using the yards shall also comply with the instructions given by the officer in charge for the regulation of space and convenience of traffic.

7. The weight of each lot of fish brought to be cured shall be ascertained by striking an average from a sufficient number of baskets or pans full at the discretion of the officer in charge and entered in the register of fish cured when it is first brought to the yard, and again on removal after curing.

8. Loose salt clinging to fish after curing shall be carefully shaken or dusted off before the fish is weighed and removed.

Any fish left unattended to for more than three days shall be liable to be removed at the expense and risk of the owner. Expenses of removal shall be recovered if not paid by sale of any salt or fish belonging to the owner that may be at the yard.

10. Any salt not in immediate use shall be kept in bags ticketed with the name of owner and shall be lodged in the store-room for safe custody out of working hours.

When the proportion of salt used to fish cured exceeds one maund of salt to three of fish, the officer in charge shall make a note explaining the reason, or if he is not satisfied, shall report the circumstances for the orders of his immediate superiors.

5. The endowment is intended to cover the expense of ordinary annual maintenance, relettering, and repairs, but not the risk of accidents due to floods, earthquakes or other extraordinary causes. It is open to any person to provide for extraordinary repairs by making a special endowment, in addition to the ordinary endowment fixed by the Executive Engineer, Public Works Department, 2nd Calcutta Division, under rules 1-3. REGULATIONS RELATING TO THE EXAMINATION OF ENGINEERS  
AND ENGINE-DRIVERS OF INLAND STEAM-VESSELS.

1. Certificates of competency will be granted to those persons who pass the requisite examinations and otherwise comply with the requisite conditions. For this purpose examiners have been appointed and arrangements have been made for holding the examinations periodically at the Port of Calcutta. Certificates of competency granted to persons who pass requisite examinations.

2. The examinations will commence early in the forenoon, and will be continued until all the candidates whose names appear upon the Port Officer's list on the day of examination are examined. Examinations continued till all the candidates are examined. Application how to be made.

3. Candidates for examination must make their application upon form Exn. 3b, which must be filled up at the Port Office.

Candidates unable to write English must apply at the Port Office for a copy of form Exn. 3b and the same must be filled up before the Port Officer before submission at the Port Office.

The Exn. 3b, properly filled in, together with the candidate's testimonials, must be lodged with the Port Officer not later than three days before the day of examination.

4. Applicants will be required to produce, in addition to the usual forms of discharge, satisfactory testimonials as to sobriety, experience, ability, and general good conduct for at least the last 12 months' service on boardship preceding the date of application to be examined. Testimonials required.

An applicant already possessed of a certificate and wishing to appear for one of a higher grade must produce his certificate and all the discharges and testimonials he submitted when he applied for examination in the lower grade as well as the discharges and testimonials necessary for the higher grade certificate. Should references of doubtful authenticity be submitted by candidates for examination, the examining officer may require proof from the candidate of their genuineness, or an affidavit made to that effect.

If applicants have served on shore immediately preceding their application, certificates of sobriety to be produced from their employers, or from a respectable householder if unemployed. No candidate will be allowed to be examined unless he has served on boardship two years within the last six years, and six months within the last three years preceding the date of his application to be examined.

5. As such testimonials and discharges may have to be verified before the candidates can be examined, it is desirable that these should be handed over, together with the form Exn. 3b, as early as possible.

6. The testimonials of servitude of Foreigners and of British seamen serving in foreign vessels, which cannot be verified in the Port Office, must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged, or by some other recognized official authority of that country, or by the testimony of some credible person on the spot, having personal knowledge of the facts required to be established. The production, however, of such proofs will not of necessity be deemed sufficient. Each case must be decided on its own merits; and if the sufficiency of the proofs given appears to be at all doubtful, the point must be referred to the Government. Testimonials of Foreigners.

Certificate as to age.

7. Should any doubt exist as to the age of a candidate, he will be required to produce a certificate of birth or baptism.

Foreigners to know English.

8. Foreigners must prove to the satisfaction of the examiners that they can speak and write the English language sufficiently well to perform the duties required of them on board a British vessel.

9. Testimonials of servitude must ordinarily be based on their employers' office records.

Services claimed which cannot be verified from the employers' office records must be authenticated by affidavits of men under whom such services have been performed as well as by an affidavit of the candidate himself.

Testimonials of servitude from European engineers will be accepted.

10. Candidates will be required to account for any gaps in their services, with documentary evidence.

In the event of any candidate being discovered copying from another, or affording any assistance or giving any information to another, or communicating in any way with another during the time of examination, he will be regarded as having failed in his examination, and will be turned back for three months, in the same manner as if he had failed in the practical part of the examination; and no part of the fees he may have paid for examination will be returned to him. Punishment for breaking rules.

Leaving  
examination  
room.

Questions and  
answers.

Notification of  
having passed  
will be given  
to successful  
candidates.  
Exn. 16.

Fees to be  
paid by  
applicants for  
examination.

25. If a candidate leaves the room before answering any question which has been given to him, he cannot afterwards be permitted to answer it, but the examiners may substitute other data or another question.

26(a). The examination of candidates for certificates of competency as engineers consists of four parts:—Arithmetic, Drawing, Elementary questions and *visd voce*. When the number of marks obtained in arithmetic amounts to 28, that is, two-thirds of the maximum the candidate passes in arithmetic.

(b). All applicants presenting themselves for examination for certificates of competency as engineers will be required to give written answers to ten questions selected from form Exn. 16a, "Elementary Questions for the first Examinations of Engineers for Certificates of Competency." (Appendix A). These questions are intended to furnish a record to some extent of the candidate's knowledge at the time of his examination, and also to induce the candidates to pay more attention to their handwriting and spelling.

27. The form Exn. 15b, on which these answers will be written, contains also some questions as to the experience of the applicant, to be answered by him in writing.

28. Examiners may add to their *visd voce* questions on the practical management of steam-engines and boilers any of those contained in Exn. Form 15a.

29. If at the expiration of the time allowed the candidate has worked out correctly the whole of the questions set to him, and given satisfactory answers in the *visd voce* examination, he will be declared to have passed.

30. If at the expiration of the time allowed he has not worked out the whole of the questions set to him, but if the result of the *visd voce* examination, taken in connection with the answers to such of the questions as he has worked out, is sufficient to satisfy the examiners that the applicant is competent to take charge of engines, he will be declared to have passed.

31. In other cases he will be declared to have failed.

32. A report of the examination, and the examination papers, will be forwarded to the Government on the form Exn. 16.

33. If the candidate passes, he will receive the form Exn. 16 upon which the Government will issue the certificate to the candidate, whose testimonials, &c., will be returned at the same time. It is therefore important that the port of destination of the certificate should be the same on both the form Exn. 16 and the form Exn. 2. If circumstances should make any alteration necessary, the examiners should see that it is made in both forms, otherwise delay in the issue of the certificate may be caused.

#### Fees.

34. Candidates for examination, in making their application on form Exn. 3b, will be required to pay the examination fees before any step is taken, whether by inquiring into their services or testing their qualifications, &c. No part of the fee will under any circumstances be returned to them; but should it be found that their service is not sufficient to entitle them to be examined, or that their testimonials are unsatisfactory, they will be allowed to present themselves for examination without paying any further fee, when they have fulfilled the requisite service, or are able to produce satisfactory testimonials, as the case may be.

35. The fee for examination must be paid to the Port Officer. In any case in which a candidate offers money to any other officer, and in any place but in the Port Office, the candidate so offering money will be regarded as having committed an act of misconduct, and will be rejected and not allowed to be examined for 12 months.

36. If a candidate fails in his examinations, no part of the fee he has paid will be returned to him.

37. The fees are as follows:—

	Rs.
Second class engine-drivers	4
First class engine-drivers	10
Engineers	12

#### Failure.

38. If the applicant fails in the *visd voce* or practical part of the examination, he may not present himself for re-examination until he can produce proofs of three months' further service afloat. If he fails in arithmetic or drawing only, he may come up again at any time. Engine-drivers may be examined *de novo* after six months' active service as Serang or principal tindal or second-driver if the past examination showed that they might reasonably be expected to qualify.

#### General.

39. Certificates of competency of engineers and first and second-class engine-drivers shall be made out and issued in the forms hereunto annexed.

40. Every certificate of competency shall be made in duplicate, and one copy shall be delivered to the person entitled to the certificate, and the other shall be kept and recorded by the Port Officer of Calcutta.

Government of  
Bengal.

By the Hon'ble the Lieutenant-Governor of Bengal.

How many cylinders are generally used in oil motors? What kind of pistons are fitted? How frequently (measured in revolutions) is explosion per cylinder effected? How is explosion in the cylinder carried out?

273.

Describe how an oil motor is started. If starting prove difficult, where would you chiefly look for defects? How is piston speed modified? How is the speed of vessel verified? How is reversing effected?

274.

Before examining an oil motor with a naked light, what steps should be taken for safety's sake?

275.

How frequently should an oil motor, working 12 hours a day, be opened up for examination, cleaned and its parts readjusted? What difficulty arises when the internal parts become foul with carbonized oil?

NOTE.—Questions isolated from their context should be read in the light of the context. Thus the "sparking" referred to in question 216 relates to the sparking in an electric lighting circuit on board ship. See question 216.

## APPENDIX B.

## TESTIMONIAL.

I hereby certify that \_\_\_\_\_ has served with me in the engine-room of \_\_\_\_\_ as Serang or principal tindal for a period of \_\_\_\_\_ during which time he has discharged his duties to my entire satisfaction.

I consider that he fully understands the working of an engine, and has sufficient tact, presence of mind, and energy to look after and manage the working of the engines of a river steamer having engines of 30 nominal horse-power or upwards, but of less than 80 nominal horse-power.

## No. and description of certificate.

Any engineer giving a testimonial in this form should be very careful in doing so, as the document may materially influence the applicant's eligibility as a candidate.

## APPENDIX C.

## Examination in rough working drawing for an Engineer's Certificate of Competency.

1. The regulations of the Local Government in regard to the qualifications of a candidate for an engineer's certificate of competency are—

*He must be able to make rough working drawings of the different parts of the engines and boilers.*

*He must be able to state the general proportions borne by the principal parts of the machinery to each other.*

2. In accordance with these clauses, a candidate for an engineer's certificate is required to make a rough working drawing of the parts specified. A mechanic who has been some years in charge of marine engines and boilers ought by this time to have familiarly in his mind the general construction of at least one set of engines and boilers, say that set he was last with. Fine drawing is not expected, and in the proportions of the parts a wide margin will be allowed; absurd dimensions will be failure in practical knowledge.

3. The drawing must, however, be practically a working drawing, giving a sufficient number of views to show the part fully—sections, plans, or elevations—just as the candidate would require to be supplied to him if he had to make the parts to the design of another person.

4. A clear hand sketch showing the construction completely, and fully dimensioned, will be accepted if the candidate prefers this alternative.

5. A portion only of the parts specified may be accepted in place of the whole, if that portion is sufficient to show that the candidate has a good practical idea of the construction of the parts, and a fair notion of their general proportions or dimensions.

6. Candidates are hereby cautioned not to put on paper what they have not fully considered, and deliberately intend to be understood, as their statement of what they know about the construction of any part required.

7. The statements given in by a candidate may be in themselves, apparently, of little importance, but, as sample material from which the state of the candidate's knowledge of engines and boilers is to be inferred, every detail which is glaringly inconsistent with a sound knowledge of the use of the part, or in which an essential consideration has evidently been overlooked, is an important element in the description which the candidate is giving of his own qualifications.

8. The candidate is advised not to begin more than he can clearly finish in the time allowed. An important object in this part of the examination is to ascertain whether the candidate can be trusted to mark all necessary dimensions upon a sketch or a drawing. The test of this is, practically, the making of the part from the sketch without having to supply additional dimensions, and without measuring the drawing. To prove this ability the candidate must fully dimension the parts shown in his sketch or drawing, notwithstanding that the parts may be correctly drawn to scale. A drawing is fully dimensioned when no part of it is left to the option of the party who is to work to the drawing.

9. To prevent misunderstanding, however, when the candidate has been led into showing more of the details than he has time fully to finish, he should name, in the statement on the other side, the particular parts which he has fully dimensioned.

10. All dimensions should have lines and darts, to indicate distinctly the points between which the dimensions are given.

11. Beware of writing cross dimensions upon centre lines, or upon longitudinal dimension lines. This is not an order, but a recommendation.

12. The candidate is not expected to design anything; he has merely to sketch or draw a something with which he is expected to be already familiar.

13. Pencil in nothing after half-past 9: all the dimensions, the figures, and the darts must be inked in; employ the remaining time in examining the drawing and in inking in any figures which may have been before overlooked, and in checking the dimensions.

14. Make sure that you will have sufficient room on the drawing sheet to show all the necessary views. You can have another sheet of drawing paper if necessary. All the paper used must be forwarded with the drawing.

15. Fill in and sign the following statement:—

(Specimen.)

Subject for examination in rough working drawing.

(Read the foregoing general instructions.)

A common slide valve with its spindle. Show also an outline section of the parts at the cylinder face. Show the provision for connecting the slide valve to the spindle.

The candidate is requested to fill up the following, and to attach this paper to his drawing:—

*Statement by the candidate.*

The accompanying drawing made by me this day, without referring to any document, and without the assistance of any person, is intended by me to be sufficient for the new construction of the parts above described to fit the places of similar parts which are to be removed. The construction is similar to what I have been with in the \_\_\_\_\_ steamer \_\_\_\_\_, but the dimensions may be different.

The diameter of the cylinder is \_\_\_\_\_

The stroke of the piston is \_\_\_\_\_

The stroke of the valve is \_\_\_\_\_

The cover at top end on steam side is \_\_\_\_\_

The cover at bottom end on steam side is \_\_\_\_\_

The lead at top is intended to be \_\_\_\_\_

The lead at bottom is intended to be \_\_\_\_\_

The inside cover is + \_\_\_\_\_ or — \_\_\_\_\_

The thickness of the face of valve is \_\_\_\_\_

The thickness of the body of valve is \_\_\_\_\_

The greatest opening for steam will be \_\_\_\_\_

That gives an area equal to one \_\_\_\_\_

The opening for exhaust when the crank is on the top-centre is \_\_\_\_\_

The length of the connecting rod is \_\_\_\_\_

The valve will cut off } \_\_\_\_\_

The candidate may omit this part if he chooses.

#### PROPOSED RULES.

Substitute the following for the existing rules bearing the same numbers:—

#### CHAPTER III.—LANDLORDS' IMPROVEMENTS.

13. *Section 80.*—An application for the registration of landlords' improvements may be presented to the Collector of the district, or to the officer in charge of the subdivision, in which the land benefited by the improvement is situated, or to any Assistant or Deputy Collector who may be specially appointed by Government to receive such application. The application shall, as far as practicable, be in the form (Form 1) specified in Schedule I appended to these rules, and the requisite information shall be submitted, along with the application, in the form of List A, appended to the said Form 1.

13A. Alternative methods of filling up columns 12 to 16 of List A are provided. The first method is intended for cases in which only a small number of holdings are benefited, and the second for cases in which the whole village or a considerable proportion of the holdings is benefited. It will be open to the applicant, in the first instance, to select the method which appears to him more appropriate; but if he selects the second method, the revenue officer may, if he thinks fit, require List A to be filled up in the first method. If the revenue officer admits the application he will at the same time pass orders to the applicant to submit notices in Form 19 on tenants or villages concerned, in sufficient number to meet the requirements of these rules.

14. The officer receiving the application may either reject the application under section 80(3) or may admit it. If the application is admitted, a local inquiry will be held. A date will be fixed for that inquiry, and the applicant or his agent will be informed of this date. Notices in Form 19 will be sent to the tenants (if any) whose names are entered in column 12 of List-A. In addition a notice in Form 19 will be served in each village concerned. In this notice will be specified the date and approximate hour when the inquiry will be held in that village, and the tenants concerned therein will be directed to attend the inquiry. The notice will be published locally by proclamation and beat of drum, and will be fixed up in the presence of not less than two persons in some conspicuous place in the village. The service of the notice must be attested by at least two residents of the village (or, in the case of a *bachappar* village, of a contiguous village), on the back of the duplicate notice. Special care must be taken to ensure that with each notice is appended a correct copy of List A or the extracts therefrom which refer to the village or tenant addressed in the notice.

The expense of sending and publishing notices under this rule and under rule 16 shall be borne by the applicant.

15. The Collector or subdivisional officer who received the application may transfer the case to the file of another officer empowered to receive such applications. If it is not so transferred, he may either make the local inquiry himself or he may direct it to be made by an officer not below the rank of Sub-Deputy Collector. When the officer who receives the application is not the Collector or a subdivisional officer, he may in a similar manner transfer the case or direct a local inquiry, with the consent of the Collector or subdivisional officer. This local inquiry will be held on the day and time specified in the notice. Such of the parties and their witnesses as attend and may desire to give evidence shall be examined, and such inspection of the land concerned as is considered necessary shall be made. In the record of this inquiry it shall be clearly stated which of the tenants

were examined; and if any offered themselves for examination and were not examined, their names and the reasons for not examining them shall be recorded. The inquiring officer must make an inquiry in each village the lands of which are affected by the improvement.

16. The officer who has received the application shall then either forthwith, or, if further inquiry is necessary, after giving notice of such further inquiry to the parties concerned, and holding such inquiry or causing it to be held by an officer not below the rank of Sub-Deputy Collector, who is empowered to receive such application, proceed to pass orders on the case.

Further inquiry, if any, and disposal of the case.

17. In passing orders he shall decide *inter alia* whether the improvement is of such a nature as to come within the meaning of section 76 of the Bengal Tenancy Act or not; whether the landlord is entitled to register it; whether it falls under sub-clause (e) of that section, and, if so, whether any enhancement of rent is being paid for the original improvement, and whether the cost of improvement and the date of completion have been correctly stated in the application.

Circumstances to be taken into consideration in disposing the case.

Confirmation of order of refusal passed by officer lower in rank than Collector.

18. If an order refusing to register an improvement is passed by an officer lower in rank than the Collector of the district, such order shall not take effect till confirmed by the Collector.

Substitute the following form for Form No. 1 in Schedule I appended to the rules:—

## NOTIFICATION.

## MOTOR CAB RULES, 1910.

## RULES FOR THE REGULATION OF MOTOR CABS WITHIN THE LIMITS OF THE TOWN AND SUBURBS OF CALCUTTA AND THE TOWN OF HOWRAH.

No. 1729J.—*The 9th April 1910.*—In exercise of the powers conferred by section 3 of the Bengal Motor Car and Cycle Act, 1903 (Bengal Act III of 1903), and in addition to the Rules issued under Notification No. 1180J.D., dated the 22nd June 1908, hereinafter called the Motor Car Rules, 1908, the Lieutenant-Governor is pleased to make the following Rules for regulating the use of motor cabs in the Town and Suburbs of Calcutta and the town of Howrah:—

(1) These rules may be called the Motor Cab Rules, 1910, and shall be read as Part IV of the Motor Car Rules, 1908.

(2) For the purpose of these rules a motor cab means a light motor car as defined in the Motor Car Rules, 1908, used for the purpose of standing or plying for hire in any street or public place.

(3) On the registration of a motor car as a motor cab, a certificate of registration shall be granted by the Commissioner of Police in the form given in Schedule I to these Rules.

(4) Notwithstanding anything to the contrary in sub-clause (3) of Rule 2 in Part II of the Motor Car Rules, 1908, the fee payable for the registration of a motor car intended for use as a motor cab shall be Rs. 32, and no fee shall be charged for the registration of other motor cabs of the same type belonging to the same owner, provided the owner certifies in writing to the Commissioner of Police that such motor cabs are his property and conform in every respect to the type of the motor cab already registered.

(5) A license to drive a motor cab shall be in the form given in Schedule II to these rules, and the rules therein contained shall be read as a part of these rules.

(6) An applicant for a driver's license under these rules shall, before receiving such license, satisfy the Commissioner of Police that he is acquainted with the principal places and streets in and around Calcutta and Howrah, that he has a thorough knowledge of the prescribed rates for hire, and that he is in all respects a fit person to be the driver of a motor cab.

(7) The license of a driver may be cancelled or suspended or otherwise dealt with by the Commissioner of Police for any breach of these rules.

(8) No motor car shall be used as a motor cab unless fitted with a taximeter or approved mechanical device to which the seal of the Commissioner of Police has been affixed for automatically and visibly registering on each occasion the fare to be charged according to the rates for distance or time or a combination of distance and time.

Every taximeter shall be fitted with an indicator or handle in the form of a flag on which shall be printed the words "for hire". The taximeter shall be so constructed that when the indicator is vertical the taximeter shall be out of action. Such indicator shall be so placed as to be clearly visible to any person outside of and in front of the vehicle, and to the hirer when inside.

The vertical position indicates that the vehicle is available for hire, and no driver shall without reasonable excuse refuse to accept a fare when the indicator is in the vertical position.

Any owner, driver, attendant or other person who shall break or tamper in any way with the seal or mark placed on the taximeter, or who shall, with intent to deceive, tamper with the taximeter or the driving mechanism thereof, shall be deemed to have committed a breach of this rule.

(9) In every motor cab there shall be available for the inspection of customers a list of rates, and the fare charged for the hire of the motor shall not exceed the maximum fare calculated according to the scale of the rates set forth in the list as may be applicable.

(10) The driver of every motor cab shall, as soon as he is hired and no sooner, set the taximeter in motion, and upon the termination of the hiring shall immediately stop the same. If he neglect or fail to do so, he shall be deemed to have committed a breach of this rule. But if a motor cab is called from a garage or a stand to take up a passenger at any place less than 500 yards from the garage or stand, the taximeter shall not be set in motion until the motor cab shall arrive at such place and be ready to take up the passenger. Provided that in the event of a motor cab whilst hired being unable to proceed from any mechanical derangement or tyre failure, either temporarily or otherwise, the driver shall at

once stop the mechanism of the taximeter as against the hirer and shall not restart the same until such time as the defect is remedied.

(11) A driver of a motor cab shall, in the absence of reasonable cause to the contrary, proceed to the destination named by the hirer by the shortest and quickest route.

(12) The brakes shall, as far as possible, be so affixed as to be capable of easy adjustment. At least one brake shall be so made as to be applied by the foot of the driver, and at least one shall act directly upon the road wheels.

(13) All brake and steering connections secured with bolts shall have such bolts secured with nuts, the same to be locked or pinned.

(14) Every precaution shall be taken by the owner to see that all parts of the mechanism of the car are periodically inspected and kept in proper working order and a register shall be kept of such inspections in a convenient form giving the particulars shown in Schedule III to these Rules. This register shall be open at any reasonable time to the inspection of the Commissioner of Police or any person duly authorized by him in that behalf. Any failure to maintain this register or to produce it when called for by lawful authority, shall be deemed to be a breach of this rule.

(15) No oil shall be allowed to drop upon the roadway, and where a tray or undershield is fixed below the mechanism of the car for the purpose of preventing this or for any other purpose, such tray or undershield shall be so placed or constructed that no petrol from the tank, supply pipe, or carburettor can collect therein.

(16) Tanks for petrol must be so placed that any overflow shall not fall on to nor soak into cushions, upholstery or floor mats in or about the body, but the filling nozzle shall be brought to some point outside the body. No petrol shall be poured into the tank whilst the engine is running or whilst any lamp is burning in or on any portion of the car.

(17) Every motor cab shall have at least one driving wheel fitted with an approved means of preventing or limiting side slip and shall carry at least one spare inflated tyre and rim or other approved device which can, if necessary, be quickly fitted to any wheel.

(18) Every motor cab shall be provided with a means of communication between passenger and driver.

(19) Where acetylene or other gas is used to light the carriage, the cylinders or vessels which contain the gas or in which it is generated, must be fixed outside in such a position as to minimize the danger of accidental ignition.

(20) No printed or written matter other than the sanctioned rates for hire or these rules shall appear on the inside or outside of a motor cab or be carried by way of advertisement.

(21) The doors, windows, seats, roof, springs, wheels, cushions, linings, panels, etc., and all furniture and appointment of a motor cab shall be in proper order and repair, the paint and varnish in good condition and the inside perfectly clean. The floor shall be covered with a mat of rubber, oil or other suitable material.

(22) The Commissioner of Police may prohibit the use of a motor cab which is in his opinion unfit to ply for hire, until such time as the defects are remedied to his satisfaction.

#### DRAFT

#### RULES FOR REGULATING THE USE OF MOTOR CABS IN THE TOWN AND SUBURBS OF CALCUTTA AND THE TOWN OF HOWRAH.

In exercise of the powers conferred by section 3 of the Bengal Motor Car and Cycle Act, 1903 (Bengal Act III of 1903), and in addition to the Rules issued under Notification No. 1180J.D., dated the 22nd June 1908, hereinafter called the Motor Car Rules, 1908, the Lieutenant-Governor is pleased to make the following Rules for regulating the use of motor cabs in the Town and Suburbs of Calcutta and the town of Howrah:—

(1) These rules may be called the Motor Cab Rules, 1910, and shall be read as Part IV of the Motor Car Rules, 1908.

(2) For the purpose of these rules a motor cab means a light motor car as defined in the Motor Car Rules, 1908, used for the purpose of standing or plying for hire in any street or public place.

(3) On the registration of a motor car as a motor cab, a certificate of registration shall be granted by the Commissioner of Police in the form given in Schedule I to these Rules.

(4) Notwithstanding anything to the contrary in sub-clause (3) of Rule 2 in Part II of the Motor Car Rules, 1908, the fee payable for the registration of a motor car intended for use as a motor cab shall be Rs. 32, and no fee shall be charged for the registration of other motor cabs of the same type belonging to the same owner, provided the owner certifies in writing to the Commissioner of Police that such motor cabs are his property and conform in every respect to the type of the motor cab already registered.

(5) A license to drive a motor cab shall be in the form given in Schedule II to these rules, and the rules therein contained shall be read as a part of these rules.

(6) An applicant for a driver's license under these rules shall, before receiving such license, satisfy the Commissioner of Police that he is acquainted with the principal places and streets in and around Calcutta and Howrah, that he has a thorough knowledge of the prescribed rates for hire, and that he is in all respects a fit person to be the driver of a motor cab.

(7) The license of a driver may be cancelled or suspended or otherwise dealt with by the Commissioner of Police for any breach of these rules.

(8) No motor car shall be used as a motor cab unless fitted with a taximeter or approved mechanical device to which the seal of the Commissioner of Police has been affixed for automatically and visibly registering on each occasion the fare to be charged according to the rates for distance or time or a combination of distance and time.

Every taximeter shall be fitted with an indicator or handle in the form of a flag on which shall be printed the words "for hire". The taximeter shall be so constructed that when the indicator is vertical the taximeter shall be out of action. Such indicator shall be so placed as to be clearly visible to any person outside of and in front of the vehicle, and to the hirer when inside.

The vertical position indicates that the vehicle is available for hire, and no driver shall without reasonable excuse refuse to accept a fare when the indicator is in the vertical position.

Any owner, driver, attendant or other person who shall break or tamper in any way with the seal or mark placed on the taximeter, or who shall, with intent to deceive, tamper with the taximeter or the driving mechanism thereof, shall be deemed to have committed a breach of this rule.

(9) In every motor cab there shall be available for the inspection of customers a list of rates, and the fare charged for the hire of the motor shall not exceed the maximum fare calculated according to the scale of the rates set forth in the list as may be applicable.

(10) The driver of every motor cab shall, as soon as he is hired and no sooner, set the taximeter in motion, and upon the termination of the hiring shall immediately stop the same. If he neglect or fail to do so, he shall be deemed to have committed a breach of this rule. But if a motor cab is called from a garage or a stand to take up a passenger at any place less than 500 yards from the garage or stand, the taximeter shall not be set in motion until the motor cab shall arrive at such place and be ready to take up the passenger. Provided that in the event of a motor cab whilst hired being unable to proceed from any mechanical derangement or tyre failure, either temporarily or otherwise, the driver shall at once stop the mechanism of the taximeter as against the hirer and shall not restart the same until such time as the defect is remedied.

(11) A driver of a motor cab shall, in the absence of reasonable cause to the contrary, proceed to the destination named by the hirer by the shortest and quickest route.

(12) The brakes shall, as far as possible, be so affixed as to be capable of easy adjustment. At least one brake shall be so made as to be applied by the foot of the driver, and at least one shall act directly upon the road wheels.

(13) All brake and steering connections secured with bolts shall have such bolts secured with nuts, the same to be locked or pinned.

(14) Every precaution shall be taken by the owner to see that all parts of the mechanism of the car are periodically inspected and kept in proper working order and a register shall be kept of such inspections in a convenient form giving the particulars shown in Schedule III to these Rules. This register shall be open at any reasonable time to the inspection of the Commissioner of Police or any person duly authorized by him in that behalf. Any failure to maintain this register or to produce it when called for by lawful authority, shall be deemed to be a breach of this rule.

(15) No oil shall be allowed to drop upon the roadway, and where a tray or undershield is fixed below the mechanism of the car for the purpose of preventing this or for any other purpose, such tray or undershield shall be so placed or constructed that no petrol from the tank, supply pipe, or carburettor can collect therein.

(16) Tanks for petrol must be so placed that any overflow shall not fall on to nor soak into cushions, upholstery or floor mats in or about the body, but the filling nozzle shall be brought to some point outside the body. *Substitute the following for the existing rules bearing the same numbers:—*

## CHAPTER III.—LANDLORDS' IMPROVEMENTS.

13. Section 80.—An application for the registration of landlords' improvements may be presented to the Collector of the district, or to the officer in charge of the subdivision, in which the land benefited by the improvement is situated, or to any Assistant or Deputy Collector who may be specially appointed by Government to receive such application. The application shall, as far as practicable, be in the form (Form 1) specified in Schedule I appended to these rules, and the requisite information shall be submitted, along with the application, in the form of List A., appended to the said Form 1.

13A. Alternative methods of filling up columns 12 to 16 of List A are provided. The first method is intended for cases in which only a small number of holdings are benefited, and the second for cases in which the whole village or a considerable proportion of the holdings is benefited. It will be open to the applicant, in the first instance, to select the method which appears to him more appropriate; but if he selects the second method, the revenue officer may, if he thinks fit, require List A to be filled up in the first method. If the revenue officer admits the application he will at the same time pass orders to the applicant to submit notices in Form 19 on tenants or villages concerned, in sufficient number to meet the requirements of these rules.

14. The officer receiving the application may either reject the application under section 80 (3) or may admit it. If the application is admitted, a local inquiry will be held. A date will be fixed for that inquiry, and the applicant or his agent will be informed of this date. Notices in Form 19 will be sent to the tenants (if any) whose names are entered in column 12 of List A. In addition a notice in Form 19 will be served in each village concerned. In this notice will be specified the date and approximate hour when the inquiry will be held in that village, and the tenants concerned therein will be directed to attend the inquiry. The notice will be published locally by proclamation and beat of drum, and will be fixed up in the presence of not less than two persons in some conspicuous place in the village. The service of the notice must be attested by at least two residents of the village (or, in the case of a *bechappar* village, of a contiguous village), on the back of the duplicate notice. Special care must be taken to ensure that with each notice is appended a correct copy of List A or the extracts therefrom which refer to the village or tenant addressed in the notice.

The expense of sending and publishing notices under this rule and under rule 16 shall be borne by the applicant.

15. The Collector or subdivisional officer who received the application may transfer the case to the file of another officer empowered to receive such applications. If it is not so transferred, he may either make the local inquiry himself or he may direct it to be made by an officer not below the rank of Sub-Deputy Collector. When the officer who receives the application is not the Collector or a subdivisional officer, he may in a similar manner transfer the case or direct a local inquiry, with the consent of the Collector or subdivisional officer. This local inquiry will be held on the day and time specified in the notice. Such of the parties and their witnesses as attend and may desire to give evidence shall be examined, and such inspection of the land concerned as is considered necessary shall be made. In the record of this inquiry it shall be clearly stated which of the tenants were examined; and if any offered themselves for examination and were not examined, their names and the reasons for not examining them shall be recorded. The inquiring officer must make an inquiry in each village the lands of which are affected by the improvement.

16. The officer who has received the application shall then either forthwith, or, if further inquiry is necessary, after giving notice of such further inquiry to the parties concerned, and holding such inquiry or causing it to be held by an officer not below the rank of Sub-Deputy Collector, who is empowered to receive such application, proceed to pass orders on the case.

17. In passing orders he shall decide *inter alia* whether the improvement is of such a nature as to come within the meaning of section 76 of the Bengal Tenancy Act or not; whether the landlord is entitled to register it; whether it falls under sub-clause (e) of that section, and, if so, whether any enhancement of rent is being paid for the original improvement, and whether the cost of improvement and the date of completion have been correctly stated in the application.

Circumstances to be taken into consideration in disposing the case.

18. If an order refusing to register an improvement is passed by an officer lower in rank than the Collector of the district, such order shall not take effect till confirmed by the Collector.

I.—A Boiler Commission shall be appointed to consist of the Commissioner of Police, and not less than three other Commissioners to be appointed by Government from time to time. The Commissioner of Police shall be President of the Commission and the Secretary shall be Vice-President and, *ex-officio*, a member of the Commission.

II.—The office of the Commission shall be attached to the office of the Commissioner of Police.

III.—The Commission shall meet periodically (at least once a month) for the transaction of business.

IV.—At least four clear days' notice of all meetings shall be given to each member.

The notice shall state the business to be transacted at the meeting, and no business other than that so stated shall be transacted except with the consent of the majority of the members present.

V.—At every meeting of the Commission, three members shall form a quorum.

VI.—Every meeting shall be presided over by the President of the Commission, or, in his absence, by a member chosen by the members present at the meeting.

VII.—It shall be the duty of the Commissioners at periodical meetings—

(1) To consider the business stated in the notice of the meeting, and any other business that the members present may consent to consider in accordance with Rule IV.

(2) To examine the diaries of the Inspectors, and pass such orders thereon as may seem necessary.

(3) To revoke or suspend any certificates under section 8 of the Act.

(4) To hear any appeals preferred by owners of boilers under section 9 of the Act.

(11) To compare the statement of collections with the cash-book, and the cash-book with the bank-book.

(12) To pass such orders as they may think fit for realising or otherwise disposing of the outstandings.

VIII.—The Commissioners shall from time to time prepare and submit, for the sanction of Government, a schedule of the establishment and salaries they consider necessary for carrying out the purposes of the Act.

IX.—After the sanction of Government to such schedule, the Commissioners shall have the power to appoint the Inspectors, clerks, etc. They shall also, have power to suspend or remove such officers.

X.—The Commissioners, other than the Vice-President and Secretary, shall receive a fee of Rs. 32 each for attending each meeting of the Commission, the charge being debited to the "Steam-boiler Inspection Fund."

XI.—The Vice-President and Secretary shall be the head of the branch of the office of the Commissioner of Police which is set apart for the work of the Boiler Commission, and shall be responsible to the Commissioner of Police for the good order and management of the office. He shall see that all notices are duly served, and that all fees are duly brought to account and paid into the Bank. He shall himself verify the balance at credit shown in the accounts of the Commissioner's office with the balance in the Bank. He shall refer all matters of importance for the orders of the President and shall supervise the work of the Inspectors.

XII.—When a certificate is required for a boiler and prime-mover, application should be made to the Vice-President and Secretary at the office of the Boiler Commission by the owner or agent in Form No. 1 appended hereto, giving at least 14 days' notice of the date on which the boiler will be ready for inspection. The Vice-President and Secretary, on receipt of an application, will arrange for the inspection to take place on the date notified, if possible; but should that date not prove suitable, he will as soon as possible appoint another, and inform the owner or agent of it.

XIII.—Notices under section 6, requiring owners or persons in charge of boilers to make alterations or additions, shall only be given by the Inspectors in writing, and when any such notice is given, the recommendation shall also be recorded in the diary. When an appeal is heard by the Commission, notice shall be given to the appellant, and any representation that may be made by him will be heard in the presence of the Inspector. The Inspector will also be heard, and local inspection made, if necessary. The decision of the Commission will be given in writing, and such decision shall be final.

XIV.—When an inspection under the Act is completed, the Inspector making it shall prepare a declaration in Form No. 2 appended hereto, in column 8 of which the limit of the working pressure, in pounds per square inch, shall be clearly noted. The declaration shall then be sent to the owner or agent with a statement, in Form No. 3 appended hereto, of the fees and expenses due on account of the inspection, which must be paid before a certificate can be granted for the boiler and prime-mover concerned.

XV.—Upon receipt of the declaration in the office of the Commissioner of Police, a certificate shall be prepared in the form prescribed by the Act (Form No. 4 appended hereto). Such certificate shall be signed by the Inspector and the Vice-President, and shall be delivered to the owner, manager or agent of the steam-boiler inspected, on his paying the fees.

XVI.—For every certificate of inspection granted under the Act, the owner, manager or agent of the steam-boiler inspected shall pay to the Commissioner of Police a fee calculated on the horse-power of the steam-boiler, according to the rates laid down in rule XXI and such additional fee in respect of the expense (if any) of the journey of the Inspector to the place where the boiler is situated, as is prescribed in rule XXII.

XVII.—A certificate in Form No. 4 granted under this Act shall not be in force—

(1) after the expiration of one year from the date of the inspection on which the certificate was granted, or

(2) after the expiration of the period, if less than one year, for which the boiler and machinery have been stated in the certificate to be sufficient, or

(3) after notice has been given by the Commissioners to the owner, manager or agent of the steam-boiler to which the certificate relates that they have cancelled or suspended it.

XVIII.—There shall be two kinds of inspection of boilers—

(a) When the certificate granted under this Act is about to expire, or when this has been revoked or suspended under section 8 of the Act and the owner desires that it shall be renewed, a thorough examination, inside and outside, shall be made by one of the Inspectors in person, for which purpose the boilers must be empty, cool and clean, and flues swept; and, if required by the Inspector, any parts or settings must be removed for examination of the boiler in every part.

(b) An ordinary inspection may be made by an Inspector at any time for the purpose of ascertaining whether a certificate should be revoked or suspended under section 8 of the Act.

XIX.—The Vice-President and Secretary shall (unless the owner consents to have the boiler ready for inspection on an earlier date approved by the Vice-President and Secretary) give one week's notice of every intended examination under rule XVIII, and warn the owner that if the boiler is not empty, cool, clean and ready for inspection on the date named, there may be delay in issuing or renewing a certificate, which might thus render the owner or person in charge of the boiler liable to a fine of Rs. 500 under section 11 of the Act.

XX.—The Vice-President and Secretary shall submit to the Commission at each meeting the Inspector's reports on the boilers inspected in the form of a diary, which shall be recorded in the office.

XXI.—Fees for the inspection of boilers and delivery of certificates shall be charged according to the following scale:—

	Rs.

„ „ 60 „ „ 80 „ ...	23
„ „ 80 „ „ 100 „ ...	28

But if any boiler is certificated for a period of less than one year, the fee payable may be reduced to one-twelfth of the above amount for each month or part of a month in the said period; provided that the minimum fee shall in no case be less than one-fourth of that shown in the scale.

An additional fee of Rs. 50 to that of the above will be charged for the inspection of a boiler on a Sunday.

*Formula for calculating Horse-power.*

XXII.—In addition to the above fees, an Inspector's travelling expenses shall be realized from owners whose boilers are not ready for inspection on the first visit made on their application, whether in Calcutta and its suburbs or in Howrah, or in the added areas, for every additional visit paid by the Inspector for the completion of inspection.

XXIII.—Registers shall be kept in the office of the Boiler Commission of all boilers inspected, in which full particulars of the boilers shall be entered in the manner prescribed by the Commissioners, and a number shall be allotted to each boiler corresponding to the number of entry regarding it in the register.

The registered number of a boiler is to be conspicuously out into the front plate by block type three-eighths of an inch large with a Crown mark, and the initial letter of the register over the figures for Calcutta, Raniganj or other register, as the case may be; the marks being enclosed by a rectangular figure, 2½ inches in length by 1½ inches in breadth, made with a chisel; and the Inspectors are to state in their declarations that this has been done.

XXIV.—The Commissioners shall from time to time, as may seem necessary, make regulations as to the inspection of steam-boilers and fittings, under the provisions of section 6 of Bengal Act III of 1879.

**No. 53 Marine.**—It has been brought to the notice of the Government, that a number of Arab brokers, known as *Mutawifs*, who are domiciled Bengal Muhammadans from Arabia, spread incorrect reports of cheap passages and persuade their co-religionists in Bengal, by various methods, to undertake the journey to the Hedjaz to perform the Haj. The Muhammadan residents of this province are therefore specially warned to give no credence to information circulated by irresponsible persons from the Hedjaz. Intending pilgrims should apply direct to the Protector of Pilgrims, Bombay, for any information they may require.

This Government also desires to impress upon the Muhammadans, who intend to perform the Haj, the great desirability of being vaccinated or re-vaccinated as the case may be, before leaving their homes for Bombay. The risk of catching the contagion of small-pox which frequently prevails as a virulent epidemic in the holy cities and other places in Arabia would thus be minimized, and the danger of the disease being annually imported into India would be lessened.

The Council will not award the Prize if the result of the Examination be such as in their opinion not to justify the award. Where Candidates appear to be equal, or nearly equal, in merit, the Council may divide the Prize between them equally, or in such proportions as they consider just.

61. No student will be eligible for a Studentship or for a Prize who is over twenty-five years of age on the first day of the Examination. This limit of age does not apply in the case of Honours.

62. A student who has passed the Examination in any subject in Part I will not be allowed to present himself again for Examination in that subject. A student who has passed the Examination in Part II will not be allowed to present himself again for that Examination. Nevertheless, any Member of an Inn of Court who has already passed in any one of the three alternative papers in Subject IV of Part I (Real Property and Conveyancing, Hindu and Mahomedan Law, or Roman-Dutch Law) may subsequently, after passing Part II, present himself for Examination in any other of these alternative papers, and if he passes will be granted a special Certificate to that effect.

63. The Examiners shall submit their Examination Papers to the Committee or Board of Studies, for approval at such time as the Committee or Board shall direct; and the number of marks to be attributed to each paper shall also be submitted to the Committee or Board for their approval.

64. Previous to each Examination the Committee or Board shall give such notice as they shall think fit of the books and branches of subjects in which students will be required to pass at such Examination in order to be entitled to a Certificate.

65. One Examiner at least shall be present during the whole time of the Examination in writing.

66. The Board of Examiners shall, after each Examination, report the result thereof to the Committee or Board of Studies, who shall submit to the Council the names of those students (if any) who are in their opinion entitled to receive Pass or Honour Certificates or to obtain studentships.

The Commissioner of Police shall be President of the Commission and the Secretary shall be Vice-President and, *ex-officio*, a member of the Commission.

II.—The office of the Commission shall be attached to the office of the Commissioner of Police.

III.—The Commission shall meet periodically (at least once a month) for the transaction of business.

IV.—At least four clear days' notice of all meetings shall be given to each member.

The notice shall state the business to be transacted at the meeting, and no business other than that so stated shall be transacted except with the consent of the majority of the members present.

V.—At every meeting of the Commission, three members shall form a quorum.

VI.—Every meeting shall be presided over by the President of the Commission, or, in his absence, by a member chosen by the members present at the meeting.

VII.—It shall be the duty of the Commissioners at periodical meetings—

(1) To consider the business stated in the notice of the meeting, and any other business that the members present may consent to consider in accordance with Rule IV.

(2) To examine the diaries of the Inspectors, and pass such orders thereon as may seem necessary.

(3) To revoke or suspend any certificates under section 8 of the Act.

(4) To hear any appeals preferred by owners of boilers under section 9 of the Act.

(12) To pass such orders as they may think fit for realising or otherwise disposing of the outstandings.

VIII.—The Commissioners shall from time to time prepare and submit, for the sanction of Government, a schedule of the establishment and salaries they consider necessary for carrying out the purposes of the Act.

IX.—After the sanction of Government to such schedule, the Commissioners shall have the power to appoint the Inspectors, clerks, etc. They shall also, have power to suspend or remove such officers.

X.—The Commissioners, other than the Vice-President and Secretary, shall receive a fee of Rs. 32 each for attending each meeting of the Commission, the charge being debited to the "Steam-boiler Inspection Fund."

XI.—The Vice-President and Secretary shall be the head of the branch of the office of the Commissioner of Police which is set apart for the work of the Boiler Commission, and shall be responsible to the Commissioner of Police for the good order and management of the office. He shall see that all notices are duly served, and that all fees are duly brought to account and paid into the Bank. He shall himself verify the balance at credit shown in the accounts of the Commissioner's office with the balance in the Bank. He shall refer all matters of importance for the orders of the President and shall supervise the work of the Inspectors.

XII.—When a certificate is required for a boiler and prime-mover, application should be made to the Vice-President and Secretary at the office of the Boiler Commission by the owner or agent in Form No. 1 appended hereto, giving at least 14 days' notice of the date on which the boiler will be ready for inspection. The Vice-President and Secretary, on receipt of an application, will arrange for the inspection to take place on the date notified, if possible; but should that date not prove suitable, he will as soon as possible appoint another, and inform the owner or agent of it.

XIII.—Notices under section 6, requiring owners or persons in charge of boilers to make alterations or additions, shall only be given by the Inspectors in writing, and when any such notice is given, the recommendation shall also be recorded in the diary. When an appeal is heard by the Commission, notice shall be given to the appellant, and any representation that may be made by him will be heard in the presence of the Inspector. The Inspector will also be heard, and local inspection made, if necessary. The decision of the Commission will be given in writing, and such decision shall be final.

XIV.—When an inspection under the Act is completed, the Inspector making it shall prepare a declaration in Form No. 2 appended hereto, in column 8 of which the limit of the working pressure, in pounds per square inch, shall be clearly noted. The declaration shall then be sent to the owner or agent with a statement, in Form No. 3 appended hereto, of the fees and expenses due on account of the inspection, which must be paid before a certificate can be granted for the boiler and prime-mover concerned.

XV.—Upon receipt of the declaration in the office of the Commissioner of Police, a certificate shall be prepared in the form prescribed by the Act (Form No. 4 appended hereto). Such certificate shall be signed by the Inspector and the Vice-President, and shall be delivered to the owner, manager or agent of the steam-boiler inspected, on his paying the fees.

XVI.—For every certificate of inspection granted under the Act, the owner, manager or agent of the steam-boiler inspected shall pay to the Commissioner of Police a fee calculated on the horse-power of the steam-boiler, according to the rates laid down in rule XXI and such additional fee in respect of the expense (if any) of the journey of the Inspector to the place where the boiler is situated, as is prescribed in rule XXII.

XVII.—A certificate in Form No. 4 granted under this Act shall not be in force—

(1) after the expiration of one year from the date of the inspection on which the certificate was granted, or

(2) after the expiration of the period, if less than one year, for which the boiler and machinery have been stated in the certificate to be sufficient, or

(3) after notice has been given by the Commissioners to the owner, manager or agent of the steam-boiler to which the certificate relates that they have cancelled or suspended it.

XVIII.—There shall be two kinds of inspection of boilers—

(a) When the certificate granted under this Act is about to expire, or when this has been revoked or suspended under section 8 of the Act and the owner desires that it shall be renewed, a thorough examination, inside and outside, shall be made by one of the Inspectors in person, for which purpose the boilers must be empty, cool and clean, and flues swept; and, if required by the Inspector, any parts or settings must be removed for examination of the boiler in every part.

(b) An ordinary inspection may be made by an Inspector at any time for the purpose of ascertaining whether a certificate should be revoked or suspended under section 8 of the Act.

XIX.—The Vice-President and Secretary shall (unless the owner consents to have the boiler ready for inspection on an earlier date approved by the Vice-President and Secretary) give one week's notice of every intended examination under rule XVIII, and warn the owner that if the boiler is not empty, cool, clean and ready for inspection on the date named, there may be delay in issuing or renewing a certificate, which might thus render the owner or person in charge of the boiler liable to a fine of Rs. 500 under section 11 of the Act.

XX.—The Vice-President and Secretary shall submit to the Commission at each meeting the Inspector's reports on the boilers inspected in the form of a diary, which shall be recorded in the office.

XXI.—Fees for the inspection of boilers and delivery of certificates shall be charged according to the following scale:—

	Rs.
Boiler up to 10 H.-P. ...	10
„ above 10 „ and up to 20 H. P. ...	13
„ „ 20 „ „ 40 „ ...	16
„ „ 40 „ „ 60 „ ...	19
„ „ 60 „ „ 80 „ ...	23
„ „ 80 „ „ 100 „ ...	28
„ „ 100 „ and upwards ...	33

But if any boiler is certificated for a period of less than one year, the fee payable may be reduced to one-twelfth of the above amount for each month or part of a month in the said period; provided that the minimum fee shall in no case be less than one-fourth of that shown in the scale.

An additional fee of Rs. 50 to that of the above will be charged for the inspection of a boiler on a Sunday.

*Formula for calculating Horse-power.*

For tubular and internally fired boilers, area of grate multiplied by 2 = H.-P.

For egg-ended and externally fired boilers, area of grate multiplied by  $1\frac{1}{2}$  = H.-P.

XXII.—In addition to the above fees, an Inspector's travelling expenses shall be realized from owners whose boilers are not ready for inspection on the first visit made on their application, whether in Calcutta and its suburbs or in Howrah, or in the added areas, for every additional visit paid by the Inspector for the completion of inspection.

XXIII.—Registers shall be kept in the office of the Boiler Commission of all boilers inspected, in which full particulars of the boilers shall be entered in the manner prescribed by the Commissioners, and a number shall be allotted to each boiler corresponding to the number of entry regarding it in the register.

The registered number of a boiler is to be conspicuously cut into the front plate by block type three-eighths of an inch large with a Crown mark, and the initial letter of the register over the figures for Calcutta, Baniganj or other register, as the case may be; the marks being enclosed by a rectangular figure,  $2\frac{1}{2}$  inches in length by  $1\frac{1}{2}$  inches in breadth, made with a chisel; and the Inspectors are to state in their declarations that this has been done.

XXIV.—The Commissioners shall from time to time, as may seem necessary, make regulations as to the inspection of steam-boilers and fittings, under the provisions of section 6 of Bengal Act III of 1879.

(a) When the certificate granted under this Act is about to expire, or when this has been revoked or suspended under section 8 of the Act and the owner desires that it shall be renewed, a thorough examination, inside and outside, shall be made by one of the Inspectors in person, for which purpose the boilers must be empty, cool and clean, and flues swept; and, if required by the Inspector, any parts or settings must be removed for examination of the boiler in every part.

(b) An ordinary inspection may be made by an Inspector at any time for the purpose of ascertaining whether a certificate should be revoked or suspended under section 8 of the Act.

XIX.—The Vice-President and Secretary shall (unless the owner consents to have the boiler ready for inspection on an earlier date approved by the Vice-President and Secretary) give one week's notice of every intended examination under rule XVIII, and warn the owner that if the boiler is not empty, cool, clean and ready for inspection on the date named, there may be delay in issuing or renewing a certificate, which might thus render the owner or person in charge of the boiler liable to a fine of Rs. 500 under section 11 of the Act.

XX.—The Vice-President and Secretary shall submit to the Commission at each meeting the Inspector's reports on the boilers inspected in the form of a diary, which shall be recorded in the office.

XXI.—Fees for the inspection of boilers and delivery of certificates shall be charged according to the following scale:—

	Rs.
Boiler up to 10 H.-P. ...	10
„ above 10 „ and up to 20 H. P. ...	13
„ „ 20 „ „ 40 „ ...	16
„ „ 40 „ „ 60 „ ...	19
„ „ 60 „ „ 80 „ ...	23
„ „ 80 „ „ 100 „ ...	28
„ „ 100 „ and upwards ...	33

But if any boiler is certificated for a period of less than one year, the fee payable may be reduced to one-twelfth of the above amount for each month or part of a month in the said period; provided that the minimum fee shall in no case be less than one-fourth of that shown in the scale.

An additional fee of Rs. 50 to that of the above will be charged for the inspection of a boiler on a Sunday.

*Formula for calculating Horse-power.*

For tubular and internally fired boilers, area of grate multiplied by 2 = H.-P.

For egg-ended and externally fired boilers, area of grate multiplied by  $1\frac{1}{2}$  = H.-P.

XXII.—In addition to the above fees, an Inspector's travelling expenses shall be realized from owners whose boilers are not ready for inspection on the first visit made on their application, whether in Calcutta and its suburbs or in Howrah, or in the added areas, for every additional visit paid by the Inspector for the completion of inspection.

XXIII.—Registers shall be kept in the office of the Boiler Commission of all boilers inspected, in which full particulars of the boilers shall be entered in the manner prescribed by the Commissioners, and a number shall be allotted to each boiler corresponding to the number of entry regarding it in the register.

The registered number of a boiler is to be conspicuously out into the front plate by block type three-eighths of an inch large with a Crown mark, and the initial letter of the register over the figures for Calcutta, Raniganj or other register, as the case may be; the marks being enclosed by a rectangular figure, 2½ inches in length by 1½ inches in breadth, made with a chisel; and the Inspectors are to state in their declarations that this has been done.

XXIV.—The Commissioners shall from time to time, as may seem necessary, make regulations as to the inspection of steam-boilers and fittings, under the provisions of section 6 of Bengal Act III of 1879.

*The Plaint and Verification.*

12. Every suit shall be instituted by the presentation of a plaint in the manner hereinafter provided.

13. The plaint shall be distinctly written in the English language on a form to be provided by the Court.

14. The plaint shall contain the following particulars:—

- (a) The name, description and place of residence or business of the plaintiff;
- (b) The name, description and place of residence or business of the defendant so far as this can be ascertained;
- (c) Where the plaintiff or the defendant is a minor or a person of unsound mind, a statement to that effect;

- (d) A concise statement of the cause of action and when and where it arose; or in plaints in suits to which Rule 101 applies, the cause or causes of action and the date or dates on or within which the same arose;
- (e) The relief claimed;
- (f) Where the plaintiff has allowed a set-off or relinquished a portion of his claim, the amount so allowed or relinquished;
- (g) Where the plaintiff sues in a representative character: the plaint shall show not only that he has an actual existing interest in the subject matter, but that he has taken the steps (if any) necessary to enable him to institute a suit regarding it;
- (h) Where the suit is instituted after the expiration of the period prescribed by the law of limitation, the plaint shall show the ground upon which exemption from such law is claimed.

15. The plaint shall be signed by the plaintiff or, in the case of his absence from Calcutta, by his recognised agent, as defined in Order III, Rule 2, in the First Schedule.

16. The plaint shall be verified by the plaintiff or some other person acquainted with the facts of the case.

17. The verification of a plaint, or other document required by these rules, or by such portion of the Code as may be applied to this Court, to be verified, shall be in the following form:—

"I,

do declare that what is stated herein is true to my knowledge, except as to matters and facts stated on information, and as to these I believe the same to be true."

and shall be signed by the person making it.

#### *Presentation of Plaint.*

18. A plaint shall be presented to the Clerk of the Court, or to such officer of the Court as the Chief Judge may, from time to time, appoint in that behalf. If the plaint be reasonably legible and be properly stamped, signed and verified, it shall be received by such Clerk of the Court or other officer, who shall give to the person presenting the same a receipt therefor and shall further give a receipt in such plaint—receipt for any documents which may be filed in Court along with the plaint. In the case of suits to which Rule 101 applies, the receipt shall also state the date of hearing and before which Bench the case will be heard.

19. The plaintiff shall present along with the plaint as many copies of the form of summons provided by the Court as there are defendants named in his plaint after entering in each of such copies the name of his pleader, if any, the names, descriptions and places of residence or business of the parties, the cause of action, the relief claimed and the particulars, if any, required by clauses (e) and (f) of Rule 14. Such copies shall, after due examination, be completed and issued to the defendants as hereinafter directed.

20. The plaint may at the discretion of the Court be rejected at any time before the hearing of the suit, if it does not disclose a cause of action or if from any statement in the plaint the suit appears to be barred by any positive rule of law.

21. (a) The plaint or the memorandum of appearance herein-after mentioned may be amended at any time in such manner and upon such terms as to the payment of costs occasioned by the amendment as the Court thinks fit, if it—

- (1) is not signed and verified as required by these rules;
- (2) does not state correctly and without prolixity the several particulars required by these rules to be specified therein;
- (3) contains any particulars other than those so required;
- (4) is wrongly framed by reason of non-joinder or mis-joinder of parties, or joins causes of action which ought not to be joined in the same suit; or
- (5) requires amendment for the purpose of determining the real questions in controversy between the parties.

(b) If a party who has obtained an order for leave to amend does not amend accordingly within the time limited for that purpose by the order, or, if no time is thereby limited within seven days from the date of the order, he shall not be permitted to amend after the expiration of such limited time as aforesaid or of such seven days as the case may be, unless the time is extended by the Court.

22. When a plaint or memorandum of appearance is amended, the amendment shall be attested by the signature of a Judge or the Registrar.

23. The plaint shall be rejected in the following cases:—

- (a) if the relief sought is undervalued and the plaintiff, on being required by the Court to correct the valuation within a time to be fixed by the Court, fails to do so;
- (b) if the relief sought is properly valued, but the plaint is insufficiently stamped, and the plaintiff, on being required by the Court to supply the requisite stamp within a time to be fixed by the Court, fails to do so.

24. The rejection of a plaint on any of the grounds hereinbefore mentioned shall not of its own force preclude the plaintiff from filing a fresh plaint in respect of the same cause of action.

#### *Summons.*

25. Where a suit has been duly instituted, the Clerk of the Court, or such other officer as the Chief Judge may, from time to time, appoint in that behalf, shall, on receipt of the proper fees, issue a summons directed to each defendant.

26. The summons to the defendant shall be issued and dated as of the day on which the plaint was filed. It shall require the defendant or defendants to enter an appearance before the Registrar within a time to be therein mentioned. It shall also state—

- (a) In suits for liquidated demands or for damages, that a decree may be recorded by default, without further notice, against every defendant served with the summons who shall not enter an appearance.

(b) In all cases, except as provided in (a), that the suit will be set down for hearing against every defendant who shall not enter an appearance.

(c) That each defendant when he enters an appearance will be furnished with a certificate of appearance, on which shall be mentioned the Bench before which the case will be heard as against him, and the day on which the case will appear in the list of causes for hearing in its turn before such Bench.

27. The time to be allowed a defendant to enter appearance after the service of summons upon him, shall be regulated in the following manner:—but a shorter or longer period may, if required by circumstances, be allowed at the discretion of the Registrar:—

(a) If a defendant resides or carries on business in Calcutta or within the extended limits included in the definition of "Calcutta" in Schedule I to Act III of 1896 of the Bengal Council or within the limits of the Howrah Municipality, the summons shall be served upon him at least 7 days before the last day for entering appearance.

(b) If a defendant resides or carries on business outside the limits mentioned above, but within 100 miles of Calcutta or within 10 miles from any Railway Station in Bengal and Bihar, the summons shall be served upon him at least 10 days before the last day for entering appearance.

(c) If a defendant resides or carries on business beyond 100 miles from Calcutta within the districts of Backergunge, Birbhum, Bhagalpur, Dacca, Burdwan, Bankura, Faridpur, Gaya, Hazaribagh, Jessore, Malda, Midnapur, Monghyr, Murshidabad, Mymensingh, Nadia, Patna, Pabna, Purnea, Rajshahi, Saran, Shahabad, Tirhut or within 10 miles from any Railway Station in the Central Provinces, or United Provinces of Agra and Oudh, or of the Delhi Station of the East Indian Railway, the summons shall be served upon him at least 14 days before the last day for entering appearance.

(d) If a defendant resides or carries on business beyond 100 miles from Calcutta in any district subject to the Appellate Jurisdiction of the High Court other than those before mentioned, or at any place more than 10 miles distant from any Railway Station in the Central Provinces, or United Provinces of Agra and Oudh, or within the limits of the Presidency Towns of Madras or Bombay, the summons shall be served upon him at least 14 days before the last day for entering appearance.

(e) If a defendant resides elsewhere than is before mentioned within the dominions of His Majesty in India, the summons shall be served upon him at least 35 days before the last day for entering appearance.

28. In fixing the last day for entering appearance, sufficient time shall be allowed for the due service of the summons; which shall ordinarily be the same number of days from the date of the summons as are allowed to the defendant under the preceding rule for entering appearance.

If the suit is instituted against more defendants than one, the last day for entering appearance shall be the same for all the defendants, and shall ordinarily be so many days after the date of the summons as are equal to twice the greatest number of days allowed under the preceding rule to any of the defendants in the suit for entering appearance.

29. The summons to a defendant shall be served by delivering or tendering it to him personally if possible, or to his recognised agent as defined in Order III, Rule 2, in the First Schedule or to an adult male member of the family actually residing with him at the time, or to his landlord if they both reside in the same house, or to a clerk or assistant employed in a business carried on by him or in which he is a partner.

30. If after the use by the serving officer of all due and reasonable diligence the defendant or other person to whom, under the last preceding rule, a summons may be delivered or tendered cannot be found, the serving officer shall affix the summons on the outer door of the house in which the defendant is then actually residing or carrying on business or personally working for gain.

31. A summons may be served on any person who shall be living or serving on board any ship, vessel or boat; and if the same cannot be served personally, it may be served by delivering it to the senior officer on board, or to the person who for the time being may have charge of such ship, vessel or boat.

32. When a summons or process is to be served on a pilot or preventive officer employed on actual service, it may be sent to the head of the office in which such pilot or preventive officer is employed for the purpose of being served upon him.

33. A summons to be served under Order V, Rule 25, in the First Schedule shall be sent by registered post.

34. When a summons cannot be served in accordance with the directions contained in the foregoing rules, or in Order XXX, Rule 3, in the First Schedule, the Registrar may extend the time for service, or order service, or substituted service, in such manner as to him may seem fit.

35. All acts which may be done by the Court under Section 28 of the Code as extended or under Order V, Rules 20, 21 and 23, in the First Schedule may be also done by the Registrar, and such service of summons as may be ordered by him shall be as effectual as if the same had been ordered by the Court.

36. When a summons, process, or warrant is to be served or executed, the person requiring such service, or some one on his behalf shall accompany the bailiff or serving officer to point out the person on whom and the place where such summons, process, or warrant is to be served or executed unless in the opinion of the Court or the Registrar an identifier is not required.

37. Service of the summons on every defendant who has failed to enter an appearance shall be proved by affidavit or otherwise to

the satisfaction of the Registrar. This shall be done as follows: A special daily list shall be prepared for the Registrar under the heading "Summonses." The next day after the last day for entering an appearance, the case shall be entered in the special list for enquiry as to the service of the summons. At such enquiry, which may, if necessary, be adjourned from time to time, affidavits or further affidavits may be received, or evidence taken *viva voce*. The Registrar, on being satisfied as to the due service of the summons, shall cause the case to be set down for hearing as provided in Rule 55, or be dealt with as provided in Rules 59 and 60.

Such enquiry may be held at the instance of the plaintiff, at any time during the first three days after the last day for entering appearance, but at 11 A.M. on the 4th Court day after the last day for entering appearance, all cases remaining in the special list of the day next after the last day for entering appearance shall be taken up by the Registrar in their turn; and if the summons against any defendant is not found to be duly served and no application is made for a further summons, the suit shall be dismissed as against such defendant.

38. If on the enquiry, under Rule 37, it shall not be proved that the summons has been duly served, a further summons shall be issued by the Registrar, but the costs of obtaining such summons shall not be allowed as costs in the cause, unless so ordered by the Registrar, on being satisfied that a *bond fide* endeavour has been made on the part of the plaintiff to serve the previous writ.

39. If on the enquiry, under Rule 37, it be found that the summons has not been served upon the defendant in consequence of the failure of the plaintiff to pay the Court-fee or the postal charges (if any) leviable for such service, the Registrar may order that the suit be dismissed: Provided that no such order shall be passed, if on the day fixed for the enquiry, the defendant attends in person or by pleader or recognised agent and enters an appearance.

#### *Appearance.*

40. An infant or person adjudged to be of unsound mind can only enter an appearance by his guardian for the suit. This rule shall also apply to a person of unsound mind not so adjudged if incapable of protecting his interests when suing or being sued.

41. A defendant in a case in which a decree by default may be recorded against him may enter an appearance at any time before such a decree has been recorded against him.

42. In cases not otherwise provided for, a defendant may, with the permission of the Court, enter an appearance after the time allowed to him for that purpose. If he allows the case to proceed to a hearing without entering an appearance, he may at the hearing cross-examine the plaintiff's witnesses and address the Court; but unless the Court otherwise orders, evidence shall not be received on his behalf: Provided that an infant or a person under disability shall not be precluded from defending a suit in the ordinary course.

43. The mode of entering an appearance shall be by a memorandum written on a form to be provided by the Court, and dated

on the day on which it is delivered. Such memorandum shall be signed as if it were a plaint, and shall contain the name of the defendant's pleader with the address of his place of business; or shall state that the defendant defends in person, in which case his own address at which processes may be served, shall be given. It shall also contain the pleas upon which the defendant intends to rely at the hearing and shall state concisely which of the facts alleged in the summons are admitted and which are denied by him. Except where an order for its amendment has been made and complied with or the Court otherwise directs, no further plea shall thereafter be allowed to be raised by the defendant and all material facts alleged in the summons and not denied by the defendant in the memorandum of appearance shall, at the hearing, be taken to be admitted by him.

44. The memorandum of appearance shall be in the following form, with such variations as circumstances may require:—

60. If under the preceding rule the Registrar is unable to record a decree by default owing to the allegations in the plaint being insufficient or because a document mentioned in the plaint is not before him, or for any other sufficient cause he shall set down the case before a Judge for hearing and shall give notice of his so doing to the plaintiff or his pleader, if any, or by post to the address of the plaintiff.

61. Rule 59 shall not apply to an infant or to a person of unsound mind whether so adjudged or not.

62. After a decree has been recorded by default, the Court may, under special circumstances, set aside the decree, as against any defendant who applies for an order to set it aside and, if necessary, may stay or set aside execution, and may give leave to enter an

appearance and defend the suit if it seems reasonable to the Court so to do, and on such terms as the Court thinks fit.

Where the decree sought to be set aside under this rule or Rule 69 is of such a nature that it cannot be set aside against the applicant only, it may be set aside as against all or any of the other defendants also.

#### *Other Suits.*

63. Where neither party appears, when a case is called on for hearing, the suit shall be dismissed, unless the Judge otherwise directs.

64. When a suit is dismissed under the last preceding rule or under Rule 39 or 107 the plaintiff may (subject to the law of limitation) bring a fresh suit; or if, within the period of thirty days from the date of the order dismissing the suit, he satisfies the Court that there was sufficient excuse for his not paying the Court-fee or the postal charges (if any) required within the time allowed for the service of the summons, or for his non-appearance as the case may be, the Court shall pass an order to set aside the dismissal and restore the suit to the list of defended causes for hearing.

65. Except as provided in Rule 59, where the plaintiff appears and the defendant does not appear when a suit is called on for hearing, the Court may proceed *ex parte*.

66. Where the defendant appears and the plaintiff does not appear when the suit is called on for hearing, the Court shall dismiss the suit, unless the defendant admits the claim, or part thereof, in which case the Court shall pass a decree against the defendant upon such admission, and where part of the claim has been admitted, shall dismiss the suit so far as it relates to the remainder.

67. When a suit is wholly or partially dismissed, under the last preceding rules the plaintiff shall be precluded from bringing a fresh suit in respect of the same cause of action. But he may apply for an order to set the dismissal aside; and, if it be proved that he was prevented by any sufficient cause from appearing when the suit was called on for hearing, the Court shall set aside the dismissal, upon such terms as to costs or otherwise as it thinks fit, and shall appoint a day for proceeding with the suit.

No such order shall be made unless the plaintiff has served the defendant with notice in writing of his application.

68. Except as provided in Rule 59, when a suit, in which there are more defendants than one, is called on for hearing, and one or more of the defendants appear and the others do not appear, the suit shall proceed, and the Court shall, at the time of passing judgment, make such order as it thinks fit with respect to the defendants who do not appear.

69. In any case (not being a case to which Rule 62 is applicable) in which a decree is passed *ex parte* against a defendant, he may apply to the Court by which the decree was made for an order to set it aside; and if he satisfies the Court that the summons was not duly served, or that he was prevented by any sufficient cause from appearing when the suit was called on for hearing, the Court shall pass an order to set aside the decree as against him upon such terms as to

costs, payment into Court or otherwise as it thinks fit, and shall appoint a day for proceeding with the suit.

70. Where the parties or any of them fail to appear, on any day to which the hearing of a suit is adjourned, the Court may proceed to dispose of the suit in one of the modes hereinbefore directed, or otherwise, as it thinks fit.

*Compromise and Decree.*

71. Every suit or proceeding in the list of a Judge for the day settled by agreement of the parties shall be reported in open Court to the Clerk of the Bench before which the suit or proceeding is pending, or to the Bench.

72. When the Court directs that any decree shall be paid by instalments, such instalments shall, in the absence of any direction to the contrary, be paid into Court monthly, and, in default of payment of any one instalment, the whole decree or the balance thereof shall become due.

73. A decree against an executor, or administrator, or a legal representative, shall be that the decree be levied out of the property of the deceased in the hands of such executor, administrator, or legal representative; provided that the plaintiff may apply to the Court that the decree may be executed against the defendant in person and not in his representative capacity, and the Court may, if it is satisfied that the defendant has misapplied the property of the deceased come to his hands and improperly withheld payment, make an order that the decree or any portion thereof may be executed against the defendant in person and not in his representative capacity.

*Execution.*

74. The provisions of the rules relating to the execution of decrees shall, so far as they are applicable, be deemed to apply to the execution of orders.

75. Every application for executing a decree or ordinary process of the Court shall be on a form to be provided by the Court and shall be presented to the Clerk of the Court.

76. The Court or the Registrar may, upon the *ex parte* application of any person who has obtained a decree or order for the recovery or payment of money, either before or after any oral examination of the debtor liable under such decree or order, and upon affidavit by himself or his pleader or recognised agent stating that a decree or order has been made, and that it is still unsatisfied, and to what amount, and that any other person is indebted to such debtor and is within the jurisdiction, order that all debts owing or accruing from such third person (hereinafter called the garnishee) to such debtor shall be attached to answer the decree or order; and by the same or any subsequent order it may be ordered that the garnishee shall appear before the Court or the Registrar to show cause why he should not pay to the person who has obtained such decree or order the debt due from him to such debtor, or so much thereof as may be sufficient to satisfy the decree or order.

77. Service on the garnishee of an order directing the attachment of debts owing or accruing to a debtor liable under a decree or order,

or notice to the garnishee of the order directing the attachment given in such manner as the Court or Registrar may direct, shall bind such debts in the hands of the garnishee.

78. If the garnishee does not dispute the debt due or claimed to be due from him to such debtor, and does not forthwith pay into Court the amount due from him to such debtor, or an amount equal to the amount payable under the decree or order, or if he does not appear upon notice or shew any cause, then the Court, or the Registrar, may order execution to issue, and it shall issue accordingly, without any previous writ or process, to levy the amount due from such garnishee, or so much thereof as may be sufficient to satisfy the decree or order.

79. If the garnishee disputes his liability, the Court or the Registrar, instead of making an order that execution shall issue, may order that any issue or question necessary for determining his liability be tried or determined in any manner in which any issue or question in an action may be tried or determined.

80. Whenever in proceedings to obtain an attachment of debts it is suggested by the garnishee that the debt sought to be attached belongs to some third person, or that any third person has a lien, or charge upon it, the Court or the Registrar may order such third person to appear, and state the nature and particulars of his claim upon such debt.

81. After hearing the allegations of any third person under such order, as in Rule 80 mentioned, and of any other person whom by the same or any subsequent order the Court or the Registrar may order to appear, or in case of such third person not appearing when ordered, the Court or the Registrar may order execution to issue to levy the amount due from such garnishee, or may direct any issue or question to be tried or determined according to the preceding rules relating to garnishees, and may bar the claim of such third person, or make such other order as such Court or the Registrar shall think fit, upon such terms in all cases, with respect to the lien or charge (if any) of such third person, and to costs, as the Court or the Registrar shall think just and reasonable.

82. Payment made by or execution levied upon the garnishee upon any such proceeding as aforesaid, shall be a valid discharge to him as against the debtor liable under a decree or order, to the amount paid or levied, although such proceeding may be set aside or the decree or order reversed.

83. There shall be kept by the proper officer a debt attachment book, and in such book entries shall be made of the attachment and proceedings thereon, with names, dates, and statements of the amount recovered, or not; and copies of any entries made therein may be taken by any person upon application to the proper officer and payment of a prescribed fee.

84. The cost of any application for an attachment of debts, and of any proceedings arising from or incidental to such application, shall be in the discretion of the Court or the Registrar.

85. A warrant issued under Order XXI, Rules 24 and 25, in the First Schedule shall be returnable within one month from the date thereof.

*Applications generally.*

86. Every application (not being an application for execution) required by the Act or the extended portions of the Code, or by the next following rules, to be in writing, must contain—

- (a) the name of the plaintiff,
- (b) the name of the defendant,
- (c) the relief or order applied for,
- (d) the ground on which the relief or order is applied for.

It must be signed by the applicant or his recognised agent and his pleader, if any, and, unless in these rules otherwise provided, must be verified in the same manner as a plaint. It shall ordinarily, unless it be a matter which can under the preceding rules be dealt with by the Registrar, be presented to the particular Bench which passed the decree or order or before which the suit or matter is pending.

87. In making an application the applicant must be prepared with all necessary evidence for helping the Court to a proper determination of the matter.

88. On receiving an application the Court shall (if necessary) fix a day for hearing the same.

89. When an application has been received, and it is necessary to give notice to any person interested, a copy of the application to be furnished by the applicant, together with notice of the date fixed for its hearing, shall be served on such person in the same manner as a summons.

90. The following applications shall be in writing:—

- (b) the residence of the defendant, or where he carries on business;
- (c) the cause of action, or whether it arose wholly or in part within the jurisdiction.

*Application for new trial or to set aside a dismissal or decree.*

92. Every application under Rule 62, 64, 67 or 69, or under Section 38 of the Act, shall, when presented to the Court, be accompanied with a copy of such application, and such copy shall be served through the Court, or through some other Court, on the party as against whom the application is made, and ordinarily at least four clear days before the date fixed for hearing the application. Such service shall be made in the same manner as the service of summons. An application under Section 38 of the Act need not be verified.

In every such application the grounds shall be fully and distinctly set out, and the applicant shall at the hearing be restricted to the grounds contained in his application.

93. Every application under Section 38 of the Act shall, when the applicant has appeared at the original hearing by advocate or pleader, ordinarily be supported by a certificate of such advocate or pleader that in his opinion there are good grounds for the application.

94. The Court may, at any time after any application mentioned in Rule 92 is presented to the Court, put the parties on such terms as to furnishing security for costs, or for the amount of the claim and costs by payment into Court or otherwise, as it shall think fit.

95. Every application under Section 38 of the Act shall be heard before two Judges at least, one of whom shall be the Judge who tried the matter in respect of which the application is made, and the other the Chief Judge. If the matter in respect of which the application is made was heard by the Chief Judge, one or more Judges shall sit with him to hear the application. The Chief Judge, or, in his absence, the senior Judge, may, under special circumstances, direct that any Judges other than those specified may hear any application under Section 38 of the Act.

#### *Claims and Complaints.*

96. When a claim is preferred or objection made under Order XXI, Rule 58 or Order XXXVIII, Rule 8 in the First Schedule or under Section 61 of the Act, in respect of any property attached or seized, or in respect of the proceeds or value thereof, the claimant or objector shall file a plaint in which the claimant or objector shall be the plaintiff and the execution creditor, or the person who obtained the warrant, the defendant, and the matter shall then be treated as a suit.

97. Such plaint shall contain a statement of the particulars of the property claimed or of the objection made, and of the grounds of the claim or objection.

98. When such a plaint has been filed, the sale of the property attached or seized shall be postponed, pending the result of the suit. If the property has been sold and the money is in Court, the same shall be detained pending such result.

99. A complaint under Order 21, Rule 7 in the First Schedule, shall be in writing and shall contain particulars of the obstruction complained of. It shall be in the form of an application and be treated as such, but shall be verified by the decree-holder or some person who on his behalf has accompanied the officer entrusted with the execution of the warrant, and is acquainted with the facts of the complaint.

#### *Recovery of possession of immoveable property.*

100. Application under Section 41 of the Act shall be in the form of a plaint in which the applicant shall be the plaintiff and the occupant the defendant, and the matter shall then be treated as a suit. For the purpose of ascertaining the value of the suit the annual value of the property in respect of which the claim is made

shall be deemed to be the value of such property, and such annual value shall be stated in the plaint.

*Summary Procedure in suits for small sums.*

101. Save and except in the case of applications under Section 41 of the Act, the rules next hereinafter set out and numbered respectively 102 to 111 shall apply to and govern all suits for sums not exceeding Rs. 50 instituted after these rules come into force unless the Court or Registrar upon the application of the intending plaintiff made prior to the institution of any such suit shall direct that the said last mentioned rules shall not apply thereto.

102. In the case of all suits and proceedings to which this rule applies—

- (a) Rules 26, 27, 28, 37, 38, 39, 40, 41, 42, 43, 44, 45, 55, 59, 60, 61, 65, 68 and 70 and the second paragraph of Rule 51 of the rules shall not apply, and
- (b) Schedule A referred to in Rule 118 is amended by directing that, save as provided in Rules 15 and 29 of the rules, Order III, Rule 2 in the First Schedule, shall not apply and shall be treated as not having been extended to the Small Cause Court.

103. Save as provided in Rule 15, the recognised agents of parties by whom appearances, applications and acts may be made or done are—

- (a) Unless the Court otherwise directs, persons holding powers of attorney from such parties authorising them to make and do such appearances, applications, and acts on behalf of such parties.
- (b) Unless the Court otherwise directs, the husband or wife of such party or any other near relative of such party residing with him or an agent or attorney authorised by such party in writing or (in matters connected with the trade or business of a party carrying on a trade or business) a servant or agent engaged in or carrying on such trade or business and exclusively in the employ of such party.

104. The summons to a defendant shall be issued and dated as of the day on which the plaint was filed. It shall be for the final disposal of the suit and shall state before which Bench the case will be heard. In cases to which clause (a) of Rule 105 applies, such summons shall ordinarily be made returnable on the seventh day after the date thereof and in cases to which clause (b) of Rule 105 applies it shall ordinarily be made returnable on the tenth day after such date. In cases to which clause (c) of Rule 105 applies, such summons shall ordinarily be made returnable on the twenty-first day after the date thereof while in those cases to which clause (d) or (e) of the said rule applies such summons shall ordinarily be made returnable on the twenty-eighth day after such date and in those to which clause (f) applies, it shall ordinarily be made returnable on the seventieth day after such date. Provided that in any case a longer or shorter period may, if required by circumstances, be allowed at the discretion of the Court or Registrar.

105. Except under special circumstances and under the order of the Court or Registrar, the summons to a defendant shall be served upon him—

- (a) If he resides within the local limits of the jurisdiction of the Court, at least 3 clear days before the date on which the summons has been made returnable.
- (b) If he resides or carries on business without such local limits but within the extended limits included in the definition of "Calcutta" in Schedule I to Act III of 1899 of the Bengal Council or within the limits of the Howrah Municipality, at least 4 clear days before the date on which the summons has been made returnable.
- (c) If he resides or carries on business outside the limits mentioned above but within 100 miles of Calcutta or within 10 miles from any Railway Station in Bengal and Behar, at least 10 days before the date on which the summons has been made returnable.
- (d) If he resides or carries on business beyond 100 miles from Calcutta within the districts of Backergunge, Birbhum, Bhagalpur, Dacca, Burdwan, Bankura, Fariapur, Gya, Hazaribagh, Jessore, Maldah, Midnapur, Monghyr, Murshidabad, Mymensingh, Nadia, Patna, Pabna, Purnea, Rajshahi, Saran, Shahabad, Tirhut, or within 10 miles of the Delhi Station of the East Indian Railway, at least 14 days before the date on which the summons has been made returnable.
- (e) If he resides or carries on business beyond 100 miles from Calcutta in any district subject to the Appellate Jurisdiction of the High Court of Judicature at Fort William in Bengal other than those before mentioned or at any place in the Central Provinces, or in the United Provinces of Agra and Oudh, or within the limits of the Presidency Town of Madras or Bombay, at least 14 days before the date on which the summons has been made returnable.
- (f) If he resides elsewhere than is before mentioned within the dominions of His Majesty in India, at least 35 days before the date on which the summons has been made returnable.

106. On the day fixed in the summons for the defendant to appear and answer the parties shall be in attendance in person or by their respective recognised agents or pleaders, at the Court-house before the Judge referred to in the summons and the suit shall then be heard unless the hearing is adjourned to a future day fixed by the Court.

107. Where on the day so fixed for the defendant to appear and answer it be found that the summons has not been served upon him in consequence of the failure of the plaintiff to pay the Court-fee or postal charges (if any) leviable for such service, the Court may order that the suit be dismissed.

Provided that no such order shall be passed if on the day so fixed the defendant attends in person or by pleader or recognised agent.

108. Where the plaintiff attends and the defendant does not attend, or where there are several defendants, no defendant attends, when the suit is called on for hearing and it is proved that the summons was duly served upon all the defendants or the plaintiff withdraws his suit as against those defendants upon whom the summons has not been duly served, the Court may proceed *ex parte* and

- (a) if the allegations contained in the plaint are sufficient, may record a decree by default against any defendants against whom the suit has not been withdrawn; or may direct that the plaint be amended and a further summons be issued and served upon those defendants against whom the suit has not been withdrawn and that the hearing be adjourned to a future day fixed by the Court.

Provided always that no decree by default shall be recorded under this rule against a minor or a person of unsound mind or upon a plaint wherein any whether so adjudged or not documents are mentioned unless such documents have been filed in Court with the plaint or are produced before the Court at the time when a decree by default is recorded.

109. Where the plaintiff attends and the defendant does not attend, or, when there are several defendants, all the defendants do not attend, when the suit is called on for hearing, and

- (a) it is not proved that the summons has been duly served upon all the absent defendants, the Court may, if the plaintiff applies therefor, direct that a further summons be issued and served upon all or any of the defendants who have not been duly served, and that the hearing be adjourned to a future day fixed by him. If no such application is made and granted, the suit shall be dismissed as against such absent defendants and as against the other defendants shall be dealt with in the manner hereinbefore prescribed;
- (b) it is proved that the summons was served upon all the defendants, but not in sufficient time to enable all of them to attend on the day fixed in the summons, the Court shall adjourn the hearing of the suit to a future day to be fixed by him and shall direct notice of such day to be given to such short-served defendants.

Where it is owing to the plaintiff's default that the summons was not served or was not served in sufficient time, the Court shall order him to pay the costs occasioned by the postponement.

Before making an order for adjournments under this rule, the Court may, subject to the conditions mentioned in Rule 59, record a decree by default against any defendants upon whom the summons has been proved to have been duly served.

110. Where the parties or any of them fail to appear, on the day to which the hearing of the suit is adjourned the Court may proceed to dispose of the suit in one of the modes hereinbefore directed or otherwise as it thinks fit.

111. Written statements shall be signed in the manner hereinbefore provided for signing plaints and no written statement shall

be received unless it be so signed. Unless otherwise ordered by the Court no written statement need be verified.

*Commission to examine witnesses issued to this Court.*

112. When a commission to examine any witness is issued by a competent Court to this Court, the Chief Judge or in his absence the Senior Judge of this Court, may, under the provisions of the Evidence by Commission Act, 1885 [48 and 49 Vict., C. 74], nominate a fit person to execute such commission. Such person when so nominated shall have all the powers intended by that Act to be given to a substituted Commissioner, and shall also for the purpose of such commission be deemed to be a Commissioner under Order XXVI in the First Schedule with all such powers as are given to a Commissioner by Rule 16 of that order.

113. Rules 15, 17 and 18 of Order XXVI in the First Schedule shall be applicable to every substituted Commissioner nominated under the provisions of the Evidence by Commission Act, 1885.

*Miscellaneous.*

114. All acts which may be done by the Court in regard to the appointment or removal of a guardian *ad litem* under Order XXXII, Rules 4 and 11 in the First Schedule, or in regard to the substitution or addition of parties to a suit, may be done by the Registrar.

115. When a bond is given under Section 29 of the Act as security for the payment of a decree, the obligor of such bond shall at the same time sign a warrant to confess judgment thereon.

116. No correspondence relating to suits or proceedings before the Court can be attended to, but any person having business in the Court or its office shall transact the same in person or by a duly authorised agent or pleader.

117. The Court shall frame forms for every proceeding in the Court for which it shall think it necessary that a form be provided, and may, from time to time, alter any such form or forms.

118. The portions of the Code set forth in the schedule hereunto annexed marked A, with such modifications as are indicated in the said schedule, are extended to this Court to be applied with due regard to the foregoing rules.

119. These rules shall come into force on the 1st October 1910.

120. From and after that date the rules of practice passed by the High Court and hitherto in force shall stand repealed, but such repeal shall not affect anything done under such rules.

# II.—RULES FOR THE SELECTION OF BENGAL CANDIDATES FOR DEPUTATION TO THE TWO YEARS' RANGER COURSE AT THE IMPERIAL FOREST COLLEGE.

1. The number of candidates to be selected annually will depend on the requirements of the Department, but ordinarily will not exceed two.

2. Candidates for these appointments must apply to the Conservator of Forests, Bengal, and their applications must be accompanied by the certificates required by the rules of the Imperial Forest College, Dehra Dun. Candidates must have passed the Entrance examination of a recognized Indian University, and preference will be given to those who, in addition to possessing the necessary physical qualifications for service in the Forest Department, have passed the F.A. examination.

3. From the applications received, the Conservator of Forests will make a preliminary selection; and the candidates so selected will be required to present themselves before the Conservator at a time and place to be fixed by him. From the candidates present, the Conservator will make a further selection of not more than twice the number of men to be deputed to the Ranger course at the Imperial Forest College in the ensuing year.

4. Candidates so selected will be required to undergo a course of preliminary practical training in such Forest Division or Divisions, as the Conservator of Forests may prescribe. This course of training will extend over not less than three and-a-half months and not more than eight months, and during it candidates will be granted a monthly allowance at the rate of Rs. 25, which is intended to cover their expenses. The Conservator of Forests will dispense with the services of candidates whose work or conduct during this preliminary training is unsatisfactory.

5. The final selection of candidates for deputation to the Imperial Forest College will be made by the Conservator of Forests in accordance with the results of this practical training, preference being given to the men who promise to make the best Forest Officers. While at the Imperial Forest College the selected candidates will be granted a monthly stipend of not less than Rs. 40 and not more than Rs. 50, provided they execute the agreement and security bond prescribed by Government.

6. Candidates who obtain the Honours' certificate of the Imperial Forest College may be deputed to undergo the third year's course for direct appointment to the Provincial Service, if recommended by the Principal of the College as likely to make useful members of the Provincial Forest Service. Under similar conditions candidates, who obtain the Higher, or Lower, Standard certificates, will be appointed Rangers, or Deputy Rangers, on monthly salaries of not less than Rs. 50 and Rs. 40, respectively.

*List of certificates required under Rule 2.*

(a) A certificate that the candidate is a "Native of India" within the meaning assigned to those words by section 6 of 33 Vict., Cap. 3.

(b) A certificate of age.

(c) A health certificate in the form prescribed by article 49 of the Civil Service Regulations, fourth edition, signed by the Civil Surgeon of the district in which the said Divisional Forest Officer's or Collector's duties lie, and testifying to the candidate's sound constitution, good vision and hearing, and general physical fitness for a rough out-door life in the Forest Department, and to the fact that he bears on his body marks of successful vaccination or of small-pox.

(d) A certificate of respectability and good moral character from two or more persons whose social or official position can be accepted as a guarantee of reliability.

The certificates (c) and (d) must bear date not further back than the 1st April of the year previous to that in which the candidate desires admission to the college.

If any person, giving certificates as above under (c) and (d), is in a position to mention anything more to the credit of the candidate than the certificates actually call for, he may do so.

(e) A certificate of having passed one of the following examinations, viz:—

- (i) the B.A., F.A., B.Sc., or Licentiate of Agriculture;
- (ii) the matriculation, where no School Final examination exists;
- (iii) the School Final examination, provided the candidate can show that he has qualified in English and Mathematics up to the Matriculation standard or, for European candidates, a certificate of having passed the High School examination with a similar proviso.

*NOTE.*—Copies of the agreement and bond to be executed under rule 5 can be obtained from the Conservator of Forests Bengal.

### III.—RULES FOR THE RECRUITMENT OF THE PROVINCIAL FOREST SERVICE IN BENGAL.

1. Subject to the satisfaction of the claims of persons already qualified under the rules hitherto in force, appointments to the Provincial Forest Service shall be made—

- (a) by the promotion of Forest Rangers of long service and tried ability and probity irrespective of the educational qualifications they may hold;

- (b) by the selection for direct appointment of candidates who must successfully pass through the full three years' course at the Imperial Forest College, Dehra Dun, and thereafter render not less than three years' satisfactory service as Probationary Extra Assistant Conservators of Forests before being confirmed.

Government reserves to itself the right to fill all vacancies in such of the two ways described, as it may consider best, in the interests of the public service.

2. Candidates for direct appointment will be selected from—

- (a) candidates deputed to the two years' Ranger course who obtain the Honour's certificate of the Imperial Forest College at the end of that course and who are recommended by the Principal of the College as suitable for direct appointment to the Provincial Service;
- (b) Forest Rangers who have obtained the Higher Standard certificate of the Imperial Forest College after passing through the two years' Ranger course, and who have specially distinguished themselves thereafter by their work and conduct during a period of not less than two years' service as Forest Rangers. Rangers whose age exceeds twenty-eight years will not be selected under this rule;
- (c) other candidates selected to pass through the full three years' course continuously and to join the service as Probationary Extra Assistant Conservators of Forests without any intermediate period of service as Forest Rangers.

3. Candidates for appointment under rule 2 (c) above will be nominated by the Local Government with special reference to high educational and social qualifications and to physical fitness for work in the Forest Department. It will generally be expected that a nominee should obtain the Honours' certificate of the Imperial Forest College at the end of the first two years of the full course. Should he fail to do so, it will depend largely on the recommendation of the Principal of the College whether he should be allowed to proceed to the third year's course and continue to be accepted as a prospective member of the Provincial Forest Service. Should, however, the Principal recommend any such nominee who, having failed to get Honours, has nevertheless obtained the Higher Standard certificate, on the ground that he has displayed such special ability, character and other qualifications as are likely to render him a useful member of the Provincial Forest Service, the nominee will usually be permitted to take up the third year's course. After the conclusion of that course, nominees, certified to have passed it satisfactorily, will be appointed to the Provincial Forest Service, on probation, for a period of three years, liable, however, to be further extended at the discretion of Government.

4. The pay of the Probationary Extra Assistant Conservators of Forests will be Rs. 150 per mensem during the period of their probation, and thereafter Rs. 200 per mensem until they can be appointed to vacancies in the sanctioned cadre of the Provincial Forest Service.

5. Candidates selected under rules 2 (a) and 2 (b) above will receive, during the third year's course at the Imperial Forest College, a monthly stipend of Rs. 100, or, in the case of candidates under rule 2 (b), the pay of their grade, whichever is greater. Candidates nominated under rule 2 (c) will receive such monthly stipends as the Local Government may fix in each case, subject to a maximum of Rs. 100 per mensem throughout the three years' course.

6. Candidates nominated under rule 2 (c) must not be less than nineteen or more than twenty-three years of age on the date of admission to the College. On the nomination of a candidate, he will be required:—

(a) to produce the following certificates:—

- (i) a certificate that he is a "Native of India" as described in section 6 of 33 Vict., Cap. 3;
- (ii) a certificate of age;
- (iii) a health certificate in the form prescribed by article 49 of the Civil Service Regulations (fourth edition), signed by a Commissioned Medical Officer or by a Medical Officer in charge of a Civil station, and certifying to the nominee's sound constitution, good vision and hearing, and general physical fitness for a rough outdoor life in the Forest Department, and to the fact that he bears marks of successful vaccination or of small-pox;
- (iv) a certificate that he has passed one or other of the following examinations:—  
viz.:—
  - (a) the B.A., F.A., B.Sc., or Licentiate of Agriculture examination;
  - (b) the Matriculation examination, where no School Final examination exists;
  - (c) the School Final examination, provided the nominee can show that he is qualified in English and Mathematics up to the Matriculation standard or, for a European nominee, a certificate of having passed the High School examination with a similar proviso;

- (c) a certificate of respectability and good moral character from two or more persons whose social or official position can be accepted as a guarantee of trustworthiness;
- (b) to sign an agreement binding himself to work diligently while at the College and to serve Government not less than five years after passing out of the College;
- (c) to find two sureties to execute a bond in the prescribed form guaranteeing that under special circumstances therein detailed they will refund all monies expended by Government on the nominee's behalf, &c.;
- (d) in order to prove his fitness for forest work, to undergo preliminary practical training in such Forest divisions as the Conservator of Forests, Bengal, may direct, extending over a period of not less than three and-a-half months and not more than six months.

During this preliminary training the candidate may be granted a stipend of Rs. 40 per mensem in addition to the monthly allowance of Rs. 25 referred to in rule 4 of the rules for the selection of candidates for deputation to the two years' Ranger course.

7. Candidates selected under rule 2 (b) will be required to sign the agreement and security bond referred to in rule 6 (b) and (c) before re-entering the College for the third year's course.

NOTE.—Copies of the agreement and bond to be executed under rules 6 (b), (c) and 7 can be obtained from the Conservator of Forests, Bengal.

TABLE SHOWING WORK TO BE PERFORMED FOR THE PUBLIC BY OFFICERS OF  
CUSTOMS, AND THE FEES PAYABLE THEREFOR.

*General explanations and directions.*

1. Except where otherwise specified, the fees specified in this table are payable to the officer concerned.

2. In order to allow the public the free use of Preventive Officers on boardship and at the Customs wharves between the hours of 6 A.M. and 6 P.M. on ordinary working days, the Government undertake the payment of fees to their officers employed, for any overtime earned during those hours. Government ordinarily pay at the rate of Re. 1 per hour for every hour in excess of 9 hours which an officer works between 6 A.M. and 6 P.M., provided that no such fee shall be paid unless the officer has worked for a total of 54 hours in the week or for a number of hours equal to nine times the number of days during which he has been at work during the week. See explanatory table in margin. In the following cases the payment takes the form of an allowance:—

Nature of work.	Hours during which overtime may be earned.
Work at the Customs wharves, including Jetty extension, Shalimar, Ramkrishnapore, Kidderpore Docks and the Petroleum wharves at Budge Budge. (This includes passing of opium into the Custom House or the Presidency Opium godowns, or baggage from the jetties to the Custom House godowns.)	6 A.M. to 9 A.M.

3. If a merchant or shipowner requires the services of Preventive Officers between 6 A.M. and 8 A.M. he shall present his request to that effect to the Preventive Inspector in sufficient time to enable such officer to arrange for the attendance of necessary staff. If the services of an officer are requisitioned between the hours of 6 A.M. and 8 A.M. for work on boardship, or between 6 A.M. and 9 A.M. for work at the Customs wharves, and are not utilized, the party at whose request the officer was directed to attend will pay the overtime, and not Government. Such attendance shall not be counted as attendance for Government towards making up a total of 54 hours per week.

4. The Collector of Customs, Calcutta, is prohibited from granting permission to work cargo in sea-going vessels ordinarily on Sunday. He shall, however, give written permission in the following cases:—

- I. When the application to work is supported by a declaration in a prescribed form, signed by the owner or agent of the vessel, certifying that the permission is absolutely necessary to enable the vessel to leave the port owing to the state of the river or to the condition of the weather.
- II. When the application is made on grounds of special urgency, provided the Collector of Customs is satisfied that such grounds are sufficient.
- III. When the application is made to discharge or load live-stock, ship's stores, ballast or coal.

In case II permission shall only be granted on payment of a fee equal to 6½ annas on the net registered tonnage of the vessel, subject to a minimum of Rs. 50 and a maximum of Rs. 200.

When no work is done, the whole or portion of the fee may be refunded at the discretion of the Collector, who will take into consideration the attendance of officers for work.

5. In the case of fees payable by the public, work extending up to, and not exceeding, 15 minutes beyond the regular hours is not charged for. Work in excess of 15 minutes is charged as a full hour. In the case of work at the wharves, however, only 5 minutes grace is allowed beyond the regular hours. Work extending to more than 5 minutes beyond the hour will be charged as a full hour to the agent or merchant on whose account the officer has been detained. (C) Rs. 56 was the sale proceeds of land realised in 1908-07; Rs. 241 received in 1906-07, 1907-08 and 1908-09 as interest on investments; these were extraordinary receipts.					(A) The reduction in the expenditure under this head in 1908-09 is due to the abolition of Audit and banking charges and to the non-payment of the salaries of the officers of the Collection Department for a few months.				
(D) In 1907-08 Rs. 2,000 was received from Government as contribution towards water-supply. This was extraordinary receipt.					(C) Out of the total of the year 1908-07, Rs. 97 was the cost of the special establishment kept for the Drainage scheme. Similarly Rs. 385 in the year 1907-08 and Rs. 415 in the year 1908-09 were the cost of the special establishment kept for the Drainage scheme and water-supply. These may be treated as extraordinary charges.				
(F) The whole of the receipts under this head in 1908-07, 1907-08 and 1908-09 are advances and deposits.					(G) The entire amount shown against this head in all these years were advances and deposits.				
(G) The total ordinary receipts were far below what they ought to have been owing to a running embankment by the tax drawn through-out of at least one quarter's demand, which was never devoted owing to reasons set forth in my special report as District Magistrate. The small collections did not attract notice owing to the fact that the annual statements as well as the quarterly statements of the revenue of each year were submitted to the Government on account of tax on persons and holdings and income tax along with the actual arrears were sent. The income of 1908-09 was specially low owing to heavy abatement.

Provided that the said fee shall not be levied in respect of—

- (a) carts which are the property of the Government or of the Cantonment Committee; or
- (b) carts which are kept without the limits of the Cantonment and are only temporarily and casually used within the limits of the Cantonment.

**No. 447M.**—*The 24th February 1910.*—In exercise of the power conferred by section 17, sub-section (2), of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to direct that the provisions of sections 142 to 147B (inclusive) of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), shall apply to the assessment and recovery of the fee for the registration of carts (imposed in the Cantonment of Dum-Dum by Notification No. of this date) in the following adapted form:—

*Sections 142 to 147B of the Bengal Municipal Act, 1884, as adapted to the Cantonment of Dum-Dum.*

#### OF THE REGISTRATION OF CARTS.

142. The Cantonment Committee may make and publish an order that every cart on which a registration fee is imposed by Notification No. 446M., of this date shall be registered by the Cantonment Committee with the name and residence of the owner, and shall bear the number of registration in such manner as the said Committee shall direct:

Provided always that such order shall be published at least one month before the beginning of the half-year in which such order for registration shall be enforced.

143. The registration of carts under the last preceding section shall be made, and the numbers assigned yearly or half-yearly, upon such days as the *Cantonment Committee* shall notify; and such fee as they shall from time to time fix and notify, not exceeding four rupees if the registration has effect for one year, and not exceeding two rupees if the registration has effect for half a year, shall be paid for each registration.

144. Any person becoming possessed of any cart which has not been registered for the then current period of registration shall register the same within one month from the date on which he may have become possessed thereof, and the *Cantonment Committee* shall grant registration in any such case on payment of such amount of the fee as shall bear the same proportion to the whole fee for the current period of registration as the unexpired portion of the current period of registration bears to the whole of such period; and such fee shall be calculated from the date on which such person may have become possessed as aforesaid.

145. When the ownership of any registered cart is transferred within any period of registration, it shall be registered anew, within one month of the transfer, in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last mentioned registration.

146. Whoever keeps, or is in possession of, a cart not duly registered as required by any of the three last preceding sections shall be liable to a fine not exceeding three times the amount payable by him in respect of such registration, exclusive of the amount so payable; and whoever, being the owner or driver of any cart, shall fail to affix thereto the registration number as required by section 142 shall be liable to a fine not exceeding five rupees.

147. If any person owns or keeps any cart hereinbefore required to be registered without having caused the same to be registered, the *Cantonment Committee*, or any person authorised by that Committee in that behalf, may seize and detain such cart (provided the same be not employed at the time of seizure in the conveyance of any passengers or goods), together with the animals drawing the same; and all police-officers are required, on the application of the *Cantonment Committee*, or of any servant of the *Cantonment Committee* duly authorized in that behalf, to assist in the said seizure.

After such seizure the *Cantonment Committee* shall forthwith issue a notice in writing that after the expiration of ten days they will sell such vehicle and animals by auction at such place as they may state in the notice; and if any registration fee, together with the cost arising from such seizure and custody, remains unpaid for ten days after the issue of such notice, the *Cantonment Committee* may sell the property seized for payment of the said fee and of all expenses occasioned by such non-payment, seizure, custody and sale.

The surplus sale-proceeds (if any) shall be credited to the *Cantonment fund*, and may be paid on demand to any person who establishes his right to the satisfaction of the *Cantonment Committee* or in a Court of competent jurisdiction:

Provided that if, at any time before the sale is concluded, the person whose cart has been seized shall tender to the *Cantonment Committee*, or to the person authorized by them to sell the cart, the amount of all the expenses incurred and the registration fee payable by him, the *Cantonment Committee* shall forthwith release the cart so seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of a cart seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any cart which has been seized under this section may be sold for the realization of any such fine.

147A. Nothing in sections 142 to 147 shall be deemed to authorize the levy of more than one fee for the same period in respect of any cart which is used in the ordinary course of business both in the *Dum-Dum Cantonment* and in one or more other *Cantonments* or in one or more *Municipalities*.

When carts not kept within the *Dum-Dum Cantonment* are so used in more than one *Cantonment* or municipality, the Local Government, on the application of the *Cantonment Committee*, may, if it thinks fit, apportion between all such *Cantonments* or municipalities and the *Dum-Dum Cantonment* the registration fees paid under the Bengal Municipal Act, 1884, in respect of such carts.

Where a cart is registered under the said Act in more than one *Cantonment* or municipality, the *Committee* of the *Cantonment* within which the cart is kept shall have a right to levy the registration fee in preference to the *Committee* of any other *Cantonment* or the *Commissioners* of any other municipality, as the case may be.

147B. A cart shall be deemed to be used in the ordinary course of business within the meaning of sections 142 and 147A if it is used on an average twice a week.

## I. For rule 1 substitute the following :—

Conditions as to use of building sites.

1. No piece of land shall be used as a site for the erection of a building,—
- (1) if the building is to abut on a street, unless the site is of such a shape that the face of the building can be made parallel to the line of the street, or as nearly parallel to the said line as the General Committee may consider practicable ; and

- (2) if the site is within thirty feet of a tank, unless the owner satisfies the Engineer that he will take such order as will prevent any risk of the domestic drainage of the building passing into the tank; and
- (3) if the site is a filled-up tank, or has been filled up with, or used for depositing, rubbish, offensive matter or sewage, unless the Chairman has examined the site and granted a certificate to the effect that it is, from sanitary and engineering points of view, fit to be built upon; and

- Certificate as to correctness of plans of a previously existing building.

II. For rule 2 substitute the following :—

2. (1) If a building is situated at the side of a street, no portion of the building, except open or balustraded parapets not more than four feet high, shall intersect any of a series of imaginary lines drawn across the street at an angle of forty-five degrees with the plane of the ground, such lines being drawn from the street alignment on the side of the street which is the more remote from the building in question, from a height of two feet above the centre of the street :

Provided as follows :—

- (i) where the said street is joined at an angle by another street facing the building, the height of the building, measured from two feet above the centre of the street and excluding parapets as aforesaid, shall not in any case exceed the width of the street in which it is situated, together with the width of any set-back which may be made, plus half the width of the street facing it;
- (ii) nothing herein contained shall affect the erection of a building abutting upon, or situated at the side of, a street of not less than sixty feet in width, if such building does not exceed eighty feet in height; and
- (iii) no building exceeding eighty feet in height shall be erected without the special permission of the General Committee.

- (2) In the case of any building which is re-erected in a street in existence at the commencement of this Act, the angle at which the lines referred to in sub-rule (1) are to be drawn shall be fifty-six-and-a-half degrees instead of forty-five degrees :

Provided as follows :—

- (i) the height allowed under this sub-rule shall in no case be more than thirty-six feet; and
- (ii) nothing contained in this sub-rule shall authorise the re-erection of any building so as to make it higher than any building which at the commencement of this Act was standing in the same place.

(3) Notwithstanding anything contained in sub-rule (1) or sub-rule (2), the Corporation may, by order published in the Calcutta Gazette, declare that, in any street specified in the order, the erection of two-storeyed buildings not exceeding twenty-eight feet in height, excluding two feet for the plinth and excluding open or balustraded parapets not more than four feet high, will be permitted without complying with the requirements of those sub-rules.

(4) If a building is situated on a corner plot, so as to abut upon more than one street, the height of the building shall be regulated by the wider of such streets so far as it will abut or abuts upon such wider street, and also so far as it will abut or abuts upon the narrower of such streets to a distance of fifty-five feet from the wider street :

Provided that, if the narrower street does not exceed eight feet in width, the height of the building shall be regulated by the wider street, so far as it will abut or abuts upon the narrower street.

### VIII. For rules 17 and 18 substitute the following :—

Proportion of site for dwelling house which may be built upon.

17. The total area covered by all the buildings (including verandahs) on any site used for a dwelling-house shall not exceed two-thirds, or, in localities where the erection of only detached buildings is allowed, one-third, of the total area of the site ;

(b) not more than two-thirds of the total area of the site shall be occupied by masonry buildings or verandahs.

there must be between the buildings an open space extending along the entire length of such side and belonging exclusively to the said domestic building:

Provided that attachment to the adjacent building shall not be allowed if either of the buildings is a dwelling-house.

- (2) The minimum distance across such space from every part of the said domestic building to the boundary line of the land or building immediately opposite such part shall be—

(a) six feet, if there is a building next to such boundary line, or

(b) four feet, if there is an open space on the other side of such boundary line.

Interior court-yards and outward open spaces to be raised and kept open.

25. (1) Every interior court-yard and every open space prescribed by rule 22 or rule 24 must be raised at least one foot above the level of the centre of the nearest street, so as to admit of easy drainage into the street.

- (2) Every interior court-yard and every such open space must be open to the sky throughout its entire area, and must be kept accessible for the purpose of cleansing; and no structure shall be erected within or above, or so as to project over, the same:

## NOTIFICATION.

UNDER the orders conveyed in Bengal Government endorsement No. 2310, dated 31st August 1907, the following junior scholarships are awarded to successful students on the results of the final B class examination held for the province of Bengal and Eastern Bengal and Assam:—

4 of Rs. 20 of the 1st grade.
4 of „ 15 „ 2nd „
8 of „ 10 „ 3rd „

The period of tenure is two years.

As a student who passes the final "B" class examination goes up for the Sub-overseer examination after one year's study and for the Overseer after two years further study, Government has (in General Department letter No. 4888, dated 20th December 1909)

approved of proposals to the effect that the scholarships should hereafter be awarded for one year in the first instance and extended for a further period of two years to scholars passing the Sub-overseer examination at the end of the first year of their study. It has however been found necessary to reduce the number of the scholarships in order that the period of their tenure might be extended without incurring additional expenditure. The number and respective values of the scholarships will henceforth be as shown below :—

8 of Rs. 20 of the 1st grade.  
3 of „ 15 „ 2nd „  
4 of „ 10 „ 3rd „

The new system will be introduced with effect from the year 1910. The scholarships awarded during 1909 may however, under orders of the Director of Public Instruction, be continued for a third year to those scholars who pass the Sub-overseer Examination in 1910.

#### NOTIFICATION.

UNDER the orders conveyed in Bengal Government endorsement No. 2310, dated 31st August 1907, the following junior scholarships are awarded to successful students on the results of the final B class examination held for the province of Bengal and Eastern Bengal and Assam:—

4	of	Rs. 20	of	the 1st	grade.
4	of	" 15	"	2nd	"
8	of	" 10	"	3rd	"

The period of tenure is two years.

As a student who passes the final "B" class examination goes up for the Sub-overseer examination after one year's study and for the Overseer after two years further study, Government has (in General Department letter No. 4888, dated 20th December 1909) approved of proposals to the effect that the scholarships should hereafter be awarded for one year in the first instance and extended for a further period of two years to scholars passing the Sub-overseer examination at the end of the first year of their study. It has however been found necessary to reduce the number of the scholarships in order that the period of their tenure might be extended without incurring additional expenditure. The number and respective values of the scholarships will henceforth be as shown below:—

3	of	Rs. 20	of	the 1st	grade.
3	of	" 15	"	2nd	"
4	of	" 10	"	3rd	"

The new system will be introduced with effect from the year 1910. The scholarships awarded during 1909 may however, under orders of the Director of Public Instruction, be continued for a third year to those scholars who pass the Sub-overseer Examination in 1910.

## NOTIFICATION.

UNDER the orders conveyed in Bengal Government endorsement No. 2310, dated 31st August 1907, the following junior scholarships are awarded to successful students on the results of the final B class examination held for the province of Bengal and Eastern Bengal and Assam:—

4 of Rs. 20 of the 1st grade.

4 of „ 15 „ 2nd „

8 of „ 10 „ 3rd „

The period of tenure is two years.

As a student who passes the final “B” class examination goes up for the Sub-overseer examination after one year’s study and for the Overseer after two years further study, Government has (in General Department letter No. 4838, dated 20th December 1909) approved of proposals to the effect that the scholarships should hereafter be awarded for one year in the first instance and extended for a further period of two years to scholars passing the Sub-overseer examination at the end of the first year of their study. It has however been found necessary to reduce the number of the scholarships in order that the period of their tenure might be extended without incurring additional expenditure. The number and respective values of the scholarships will henceforth be as shown below:—

3 of Rs. 20 of the 1st grade.

3 of „ 15 „ 2nd „

4 of „ 10 „ 3rd „

The new system will be introduced with effect from the year 1910. The scholarships awarded during 1909 may however, under orders of the Director of Public Instruction, be continued for a third year to those scholars who pass the Sub-overseer Examination in 1910.

## Educational Notice.

WITH reference to Government Notification No. 4305, dated 23rd November 1909, in which detailed information was published as to the text-books required in accordance with the new syllabuses for Standards III to IV, writers of arithmetic books are requested to be good enough to provide a table in the beginning of their books giving the vernacular equivalents of the English numerals:—

0, 1, 2, etc., 9.

2. The provision of such a table is rendered necessary in consideration of the possibility that the employment of English figures prescribed in the main arithmetic syllabus which will be applicable to all classes of schools,—high, middle and upper primary—might otherwise constitute a difficulty in purely vernacular schools.

3. In this connexion it may be pointed out that while the use of English figures is prescribed in the main syllabus the vernacular notation will be used in the additional *Subhankari* syllabus to be taught in middle vernacular and upper primary schools.

## Educational Notice.

WITH reference to Government Notification No. 4305, dated 23rd November 1909 in which detailed information was published as to the text-books required in accordance with the new syllabuses for Standards III to IV, writers of arithmetic books are requested to be good enough to provide a table in the beginning of their books giving the vernacular equivalents of the English numerals :—

0, 1, 2, etc., 9.

2. The provision of such a table is rendered necessary in consideration of the possibility that the employment of English figures prescribed in the main arithmetic syllabus which will be applicable to all classes of schools,—high, middle and upper primary—might otherwise constitute a difficulty in purely vernacular schools.

3. In this connexion it may be pointed out that while the use of English figures is prescribed in the main syllabus the vernacular notation will be used in the additional *Subhankari* syllabus to be taught in middle vernacular and upper primary schools.

Director of Public Instruction, Bengal.

The marks obtained by candidates under this head will not, however, be taken into account in the award of Government scholarships.

Information may be obtained from the Inspector of European Schools, Bengal, in regard to the conduct of the practical examination of pupils from any schools which have prepared themselves for the school certificate examination by the provision of a properly equipped laboratory.

(a) Name in full.

(b) Father's name.

(c) Nationality or class, i.e., European, Eurasian or Indian, of candidate; and if Indian, caste or tribe.

(d) Date of birth.

(e) Place of birth.

(f) Present address.

(g) Examinations passed.

(h) Thumb mark of candidate, left hand, to be made in the presence of a responsible person who knows candidate.

(i) Signature and address of above-mentioned witness.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates together with their registration statements which should be signed by the Examiner. The registration statements should be carefully preserved by the Principal. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination; the application to be accompanied by the fee of Rupees ten, and the Registration statement prescribed in Rule 2 (4).

Candidates will not be examined in any of the Calcutta offices.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates together with their registration statements which should be signed by the Examiner. The registration statements should be carefully preserved by the Principal. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates together with their registration statements which should be signed by the Examiner. The registration statements should be carefully preserved by the Principal. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

### EDUCATIONAL NOTICE.

*In supersession of the Notice published in Part IO of the Calcutta Gazettes of 23rd and 30th March and of 6th and 13th April 1910.*

With reference to Government Notification No. 4305, dated 23rd November 1909, in which detailed information was published as to the text-books required in accordance with the new syllabuses for Standards III to VI, writers of arithmetic books are requested to be good enough to provide a table in the beginning of their books giving the vernacular equivalents of the English numerals :—

0, 1, 2, etc., 9.

2. The provision of such a table is rendered necessary in consideration of the possibility that the employment of English figures prescribed in the main arithmetic syllabus which will be applicable to all classes of schools,—high, middle and upper primary—might otherwise constitute a difficulty in purely vernacular schools.

3. In this connexion it may be pointed out that while the use of English figures is prescribed in the main syllabus the vernacular notation will be used in the additional *Subhankari* syllabus to be taught in middle vernacular and upper primary schools.

## EDUCATION DEPARTMENT, BENGAL.

## EDUCATIONAL NOTICE.

*In supersession of the Notice published in Part IC of the Calcutta Gazette of 23rd and 30th March and of 6th and 15th April 1910.*

With reference to Government Notification No. 4305, dated 23rd November 1909, in which detailed information was published as to the text-books required in accordance with the new syllabuses for Standards III to VI, writers of arithmetic books are requested to be good enough to provide a table in the beginning of their books giving the vernacular equivalents of the English numerals :—

0, 1, 2, etc., 9.

2. The provision of such a table is rendered necessary in consideration of the possibility that the employment of English figures prescribed in the main arithmetic syllabus which will be applicable to all classes of schools,—high, middle and upper primary—might otherwise constitute a difficulty in purely vernacular schools.

3. In this connexion it may be pointed out that while the use of English figures is prescribed in the main syllabus the vernacular notation will be used in the additional *Subhankari* syllabus to be taught in middle vernacular and upper primary schools.

## BIHAR SCHOOL OF ENGINEERING.

## PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihar applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" Class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers, Overseers and Upper Subordinates.

Students are prepared for the examinations conducted by the Joint Technical Examination Board.

4. The next session will commence on 4th July 1910.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Rs. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examination, eight being tenable in the second-year class, six in the third-year class, and six in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance Examination of an Indian University in English and Mathematics.
- (2) Standard VII of the Code for European Schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the University Matriculation examination in these subjects) to be held at the school, on the 5th and 6th July, respectively, from 6 A.M. to 9 A.M. each day.

7. Candidates for admission must apply to the Principal not later than the 28th June. Their application must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up their residence in Bihar.)
- (c) A certificate of good moral character from last head-master.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Rs. 1. An Amin student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for the Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 4th July 1910 unless application for admission is made before 28th June 1910.

10. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians, whose homes are near enough to enable them to attend the school at the required times. ## NOTICE.

## CIVIL ENGINEERING COLLEGE, SIBPUR.

SIBPUR, the 7th May 1910.

## BIHAR SCHOOL OF ENGINEERING.

## PROSPECTUS FOR ADMISSION.

This school is under the management of the Principal, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" Class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers, Overseers and Upper Subordinates.

Students are prepared for the examinations conducted by the Joint Technical Examination Board.

4. The next session will commence on 4th July 1910.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Re. 3. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examination, eight being tenable in the second-year class, six in the third-year class, and six in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance Examination of an Indian University in English and Mathematics.
- (2) Standard VII of the Code for European Schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the University Matriculation examination in these subjects) to be held at the school, on the 5th and 6th July, respectively, from 6 A.M. to 9 A.M. each day.

7. Candidates for admission must apply to the Principal not later than the 28th June. Their application must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up their residence in Bihar.)
- (c) A certificate of good moral character from last head-master.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for the Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 4th July 1910 unless application for admission is made before 28th June 1910.

10. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians, whose homes are near enough to enable them to attend the school at the required times. The Principal will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

APPLICATIONS for admission to the Presidency College will be received on and after June the 1st. Applications received between June the 1st and June the 15th will be first considered. Applications received after June the 15th can only be considered, if the classes to which admission is sought have not been filled up already from among candidates who apply before the 16th.

Applications must be made on a printed form. This will be supplied together with a statement showing the combinations of subjects which may be offered by the Presidency College students at the Intermediate, B.A. and B.Sc. The attention of the Presidency College students who pass the Intermediate and Decrees Examinations is specially called to the importance of application within the dates above specified (June the 1st to June the 15th). Their prior claim is recognized, but this does not remove the necessity in present circumstances of formal application on their part.

Arrangements will be made for systematic courses of lectures, Moot Courts, and regular exercises. Facility will also be given to students to read in the College Library after the College hours under the supervision of the Principal or a member of the staff.

The College fees will be Rs. 6 per month.

Eight scholarships of Rs. 10 a month, each tenable for one year, have been established. Four of these will be open to competition among students of the first-year class and the other four among the students of the second-year class. The scholarships in the first-year class will be awarded towards the end of September upon the result of a College test to be held at that time. Those in the second-year class will be awarded upon the results of the Preliminary Examination in Law. They will take effect retrospectively from July. Additional scholarships will be awarded from the endowment established by the Hon'ble the Maharaja of Coimbatore.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established, to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the results of the final Examination in Law, and on condition that the recipients do prosecute a course of study for the M.L. examination under the direction of the Principal.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July 1910. Dr. B. C. Ghose, M.A., M.B. (Cantab.), will be the Medical Officer for such students as reside in the College Hostel.

Students are recommended in all cases to take their admission before the 1st July 1910.

Students who have completed their first-year Lectures and intend to withdraw temporarily from their Law studies on account of pressure of M.A. work are warned that they must do so at their own risk, as under the New Regulations they are not likely to obtain next year a complete course of lectures corresponding to the present second-year course; they are strongly advised to consult the Principal before they take any action in the matter.

To the College is attached an extensive Law Library containing numerous sets of reports and text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

The College fees will be Rs. 6 per month.

Eight scholarships of Rs. 10 a month, each tenable for one year, have been established. Four of these will be open to competition among students of the first-year class and the other four among the students of the second-year class. The scholarships in the first-year class will be awarded towards the end of September upon the result of a College test to be held at that time. Those in the second-year class will be awarded upon the results of the Preliminary Examination in Law. They will take effect retrospectively from July. Additional scholarships will be awarded from the endowment established by the Hon'ble the Maharaja of Coosimbazar.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established, to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the results of the final Examination in Law, and on condition that the recipients do prosecute a course of study for the M.L. examination under the direction of the Principal.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July 1910. Dr. B. C. Ghose, M.A., M.B. (Cantab.), will be the Medical Officer for such students as reside in the College Hostel.

Students are recommended in all cases to take their admission before the 1st July 1910.

The College classes will be held ordinarily from 9 A.M. to 11-15 A.M. for first-year students and from 3-30 P.M. to 6-45 P.M. for second-year students. Students who have completed their first-year Lectures and intend to withdraw temporarily from their Law studies on account of pressure of M.A. work are warned that they must do so at their own risk, as under the New Regulations they are not likely to obtain next year a complete course of lectures corresponding to the present second-year course; they are strongly advised to consult the Principal before they take any action in the matter.

To the College is attached an extensive Law Library containing numerous sets of reports and text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

During the last session, the Hon'ble the Vice-Chancellor presided over many of the Moot Courts, and a special course of lectures on the Law of Mortgages was delivered by Babu Mahendranath Ray, M.A., B.L.
